Immunizations and Physicals for 2016-2017

According to state law, every student must meet all vaccination requirements by October 15, 2016. According to state law, students who do not meet these requirements must be suspended from school. There are only two acceptable exceptions. The first acceptable exception is based on medical reason. This must be written by a health care provider and it is through the Illinois Department of Health. The second acceptable exception is based on a religious reason. This must be written by a health care provider and it is through the Illinois Department of Health (THE IS NEW THIS YEAR). Therefore, students will be suspended from school beginning October 17, 2016 unless they have 1) provided proof of required immunizations, 2) provided written proof of medical exception through the IDPH, or 3) provided written proof of religious exception through the IDPH.

Science Club

Congratulations to John Cramsey and Jayleigh Peuster. They will advance to the Intel International Science and Engineering Fair in Phoenix, Arizona.
