

## Local Control and Accountability Plan (LCAP) Every Student Succeeds Act (ESSA) Federal Addendum Template

### LEA Name

Banta Charter School

### CDS Code:

39-77388-0140392

### Link to the LCAP:

*(optional)*

[http://bantasd.org/about\\_banta\\_e\\_s\\_d/local\\_control\\_funding\\_formula\\_-lcff\\_lcap](http://bantasd.org/about_banta_e_s_d/local_control_funding_formula_-lcff_lcap)

### For which ESSA programs apply to your LEA?

Choose From:

#### TITLE I, PART A

Improving Basic Programs Operated by  
State and Local Educational Agencies

#### TITLE II, PART A

Supporting Effective Instruction

#### TITLE III, PART A

Language Instruction for English Learners  
and Immigrant Students

#### TITLE IV, PART A

Student Support and Academic  
Enrichment Grants

*(note: This list only includes ESSA programs with LEA plan requirements; not all ESSA programs.)*

*In the following pages, ONLY complete the sections for the corresponding programs.*

## Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

**The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding.** LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

**The LEA must address the Strategy and Alignment prompts provided on the following page.**

**Each provision for each program must be addressed,** unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template.**

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development.** ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

## Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Banta Charter plans on using state and federal funds to help develop and enhance quality instructional programs to improve student performance and enable them to meet their personal, academic, and career goals, provide a clean, healthy, physically and emotionally safe learning environment, and encourage parents to actively participate in their child's education, as stated in our LCAP goals.

Based on local and state data, ELA and Math performance on the CAASPP confirms a need for targeted support and intervention, English Learner performance on CAASPP has declined. Banta Charter plans to use state and federal funds to provide Professional Development for teachers/staff, provide instructional aides for student support, intervention program before and during school, services and additional supports for our English Learners.

We have used LCFF funds to support these identified areas, and where appropriate, have supplemented these resources with federal funds depending on the need. Student achievement is a priority based on local and state data. Title I funds will be used to enhance the Intervention program with instructional aides, Title II funds will supplement district funds used for professional development for teachers and staff. They will focus on closing the achievement gap and improving the performance of underperforming student groups. Title III funds will improve our English learners' services, focusing on English proficiency and student achievement.

## Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

Banta Charter works with integrity to align all of our program goals and activities with the tenets of our school. We achieve this by focusing on supporting students in social and emotional growth and academically through quality instructional programs. Our LCAP guides the use of all funds available to the district, including LCFF (including Supplemental Grant Funds), State grants, Title I, Title II, Title III, and Title IV funds, and other funds available to the charter.

Examples of alignment include using Supplemental Grant Funds for professional development, enhanced by Title II funding; using these funds together will intensify our efforts to work on academic and socio-emotional areas and support time for teachers to plan instructional improvements. Supplemental Grant Funds for the English Language Development (ELD) program enhanced by Title III funds will provide a Bilingual Coordinator, additional bilingual aide support, ELD technology and materials, and ELD tutoring and translators. Supplemental Grant Funds for an Intervention Program enhanced by Title I funds will provide an intervention teacher, intervention support aides, and intervention materials before and during school intervention.

Educational partners review data and develop action plans to address these needs. Educational partners include parents, EL parents, students, and staff members. Once needs are identified, qualifying funding is assigned to actions in the LCAP. Federal funding is placed alongside state funding to enhance various actions.

## ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

## TITLE I, PART A

### Monitoring Student Progress Towards Meeting Challenging State Academic Standards

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(1) (A–D)	1, 2, 4, 7, 8 <i>(as applicable)</i>

Describe how the LEA will monitor students' progress in meeting the challenging state academic standards by:

- (A) developing and implementing a well-rounded program of instruction to meet the academic needs of all students;
- (B) identifying students who may be at risk for academic failure;
- (C) providing additional educational assistance to individual students the LEA or school determines need help in meeting the challenging State academic standards; and
- (D) identifying and implementing instructional and other strategies intended to strengthen academic programs and improve school conditions for student learning.

### Overuse in Discipline Practices that Remove Students from the Classroom

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(11)	6 <i>(as applicable)</i>

Describe how the LEA will support efforts to reduce the overuse of discipline practices that remove students from the classroom, which may include identifying and supporting schools with high rates of discipline, disaggregated by each of the student groups, as defined in Section 1111(c)(2).

### Career Technical and Work-based Opportunities

ESSA SECTION	STATE PRIORITY ALIGNMENT
1112(b)(12)(A–B)	2, 4, 7 <i>(as applicable)</i>

If determined appropriate by the LEA, describe how such agency will support programs that coordinate and integrate:

- (A) academic and career and technical education content through coordinated instructional strategies, that may incorporate experiential learning opportunities and promote skills attainment important to in-demand occupations or industries in the State; and
- (B) work-based learning opportunities that provide students in-depth interaction with industry professionals and, if appropriate, academic credit.

## TITLE II, PART A

### Title II, Part A Activities

ESSA SECTION	STATE PRIORITY ALIGNMENT
2102(b)(2)(A)	1, 2, 4 ( <i>as applicable</i> )

Provide a description of the activities to be carried out by the LEA under this Section and how these activities will be aligned with challenging State academic standards.

## TITLE III, PART A

### Parent, Family, and Community Engagement

ESSA SECTION	STATE PRIORITY ALIGNMENT
3116(b)(3)	3, 6 ( <i>as applicable</i> )

Describe how the eligible entity will promote parent, family, and community engagement in the education of English learners.

## ESSA Provisions Addressed in the Consolidated Application and Reporting System

An LEA addresses the following ESSA provision as part of completing annual reporting through the Consolidated Application and Reporting System (CARS).

### TITLE I, PART A

#### Poverty Criteria

ESSA SECTION(S)	STATE PRIORITY ALIGNMENT
1112(b)(4)	N/A

Describe the poverty criteria that will be used to select school attendance areas under Section 1113.

N/A

## ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed**, unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

### TITLE I, PART A

#### Educator Equity

ESSA SECTION 1112(b)(2)

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A

#### Parent and Family Engagement

ESSA SECTIONS 1112(B)(3) AND 1112(B)(7)

Describe how the LEA will carry out its responsibility under Section 1111(d).

N/A

Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

The Charter deeply involves parents, families, and educational partners in several ways. We have a parent club and an ELAC committee, providing input, direction, and leadership on many key school decisions and parent engagement overall, including the LCAP. We survey our parents yearly so that we can collect additional information. In addition, we have a parent volunteer system, which allows our families to volunteer their time over the year in several different ways. We also have an active parent club that gives parents many opportunities to volunteer.

#### Parent and Family Engagement Policy

The Charter annually consults with parents and families at LCAP Advisory Committee, English Learner Parent Advisory Committee (ELAC), Disability Advisory Committee (DAC), site parent committees, and the LCAP educational partner engagement process to gather input on the Parent and Family Engagement Policy. Parents are informed of the requirements of Title 1 and their right to be involved. The policy is incorporated into the Charter's LCAP Goal 3 and reviewed and approved by the LCAP Advisory Committee, ELAC, DAC, and Board of Education. The policy is distributed to families annually and available on the school's website.

#### Assisting Parents to Improve Achievement

The Charter assists parents with understanding the State's academic content standards, assessments, the requirements of Title 1, Part A, how to monitor their child's progress, and working with educators to improve achievement. The Charter holds parent meetings to share information about expectations, assessments, monitoring progress, and ideas to assist at home. Meetings are held with parents of migratory children before students are away from school for long periods to inform them how to help their child(ren) overcome educational disruption.

#### Materials and Training for Parents

The Charter provides materials and training to help parents work with their children to improve their academic achievement. The Charter offers workshops and shares information with families on literacy, math, use of technology, cyber-safety, and other topics. Information is shared at all LCAP/ELAC/DAC meetings.

#### Educate Staff

During staff meetings and training, the Charter will educate its teachers, specialized instructional support personnel, principals, other school leaders, and other staff. With the assistance of parents, the Charter will discuss the value of parents and how to reach out to, communicate with, and work with parents as equal partners. The Charter will implement and coordinate parent programs, and build ties between parents and the school. The Charter offers family engagement activities for all programs, including English Learners and Special Education, coordinated by the site principal and program specialist. The school offices maintain a family resource area that provides information on community and Charter resources for all programs. Information is distributed in an understandable format. All Charter information related to school and parent/family programs, meetings, and other activities are provided in English and Spanish. Interpretation services are available at all meetings. Information sent to family members with disabilities is understandable and uniform. Services are contracted with our county office of education to provide reasonable accommodations (sign-language interpreters, etc.) if needed.

#### Other Parental Engagement Activities

The Charter is actively recruiting and seeking parents from all targeted subgroups to be members of committees. Parents are given the opportunity to join LCAP Advisory Committee, Parent Faculty Association (PFA), English Learner Parent Club, ELAC, DAC. Throughout the year, many events happen that allow parents to be involved and participate in their child's education. Parents are encouraged to participate in reviewing and providing meaningful consultation as educational partners to the Charter's LCAP and participate in the LCAP Advisory Committee. An annual online parent survey is made available to parents in both English and Spanish; parents are notified of this survey through letters home, phone messaging services, and the school website; parents can request a hard copy of the survey if they do not have access to the internet. Input from these surveys helps plan the LCAP and other Federal, State, and Local programs. The Charter communicates with parents and families through multiple methods to address concerns, needs, and interests and update parents on school events and activities. Families receive letters about how well their students are doing through report cards, progress reports, test scores, and phone calls/emails through the Charter's messaging system that keeps parents up to date with current events at the school site. A monthly newsletter is sent home, and all materials and messages sent home are done in English and Spanish.

Describe, in general, the nature of the programs to be conducted by the LEA's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

N/A

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

The Charter's one school operates a Title I Targeted Support program. Our school identifies and supports students in need of targeted assistance through various ways: data retrieved from CAASPP and school-created interim assessments, teacher and family input, SPED personnel services (where necessary), and the work of the Charter instructional support (SPED) team.

The school annually conducts a needs assessment, including reviewing data, input from educational partners, and the annual evaluation results. The needs assessment results are used to plan the annual update to the district's LCAP, containing goals, metrics/outcomes, strategies/activities, and Title 1 expenditures to address the identified needs and improve student achievement.

The needs of all students are addressed, with a focus on improving achievement for students at risk of not meeting the academic standards. Strategies include interventions and activities to strengthen the overall academic program for all students, increased learning time, professional learning for teachers, enriched and accelerated curriculum as needed. Targeted assistance strategies include an intervention teacher, additional full and part-time classroom aides, CCSS and NGSS aligned curriculum and resources, and professional development aligned with curriculum with teachers internalizing and collaborating on lesson and strategies.

**Homeless Children and Youth Services**

ESSA SECTION 1112(b)(6)

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

Our team, including the front office and the Charter Homeless Liaison, work to inform and provide homeless families with access to support services and resources. We ensure that homeless status is confidential and homeless children are not segregated. We provide the same services and support to homeless students as we do to all students.

Any child or youth identified as homeless automatically qualifies for free lunch and transportation to and from school. If appropriate, the school also offers gas cards to the parent for mileage if they choose to transport their child to and from school using Title 1, Part A Reservation Funds for Homeless Students.

The school attendance clerk works with homeless families to make sure students are at school daily and have the resources to transport their children to school to access educational services.

School counselors are available at the site and work with our homeless children/youth on a referral basis, either one-on-one or in a small or large group setting. Part of the role of the counselor is to help our children/youth learn how to identify their stressors and gain the tools to address them in a socially acceptable way. Counselors also help educate staff to understand what challenges our children/youth are experiencing and understand what the symptoms and behaviors may look like, provide social-emotional curricula such as empathy, conflict resolution, and anti-bullying to classes. Counselors assist our children and their families with identifying community resources. They also help our children to feel welcome and safe at our school.

The Charter's goal is to provide a clean, healthy, physically safe learning environment where all students can learn.

## **Student Transitions**

ESSA SECTIONS 1112(b)(8), 1112(b)(10), and 1112(b)(10) (A–B)

Describe, if applicable, how the LEA will support, coordinate, and integrate services provided under this part with early childhood education programs at the LEA or individual school level, including plans for the transition of participants in such programs to local elementary school programs.

N/A

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:

- (A) coordination with institutions of higher education, employers, and other local partners; and
- (B) increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

## **THIS ESSA PROVISION IS ADDRESSED BELOW:**

Our 8th-grade students participate in high school preview nights, where parents of incoming students learn about available pathways and programs, including JROTC, honors/AP courses, and high school graduation and college entrance requirements. 8th-grade students participate in High School Visits in the spring, where they have the opportunity to spend a morning visiting the local high school and learning about their new school.

## **Additional Information Regarding Use of Funds Under this Part**

ESSA SECTION 1112(b)(13) (A–B)

Provide any other information on how the LEA proposes to use funds to meet the purposes of this part, and that the LEA determines appropriate to provide, which may include how the LEA will:

- (A) assist schools in identifying and serving gifted and talented students; and
- (B) assist schools in developing effective school library programs to provide students an opportunity to develop digital literacy skills and improve academic achievement.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A

## **TITLE I, PART D**

### **Description of Program**

ESSA SECTION 1423(1)

Provide a description of the program to be assisted [by Title I, Part D].

#### **THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A. Banta Charter does not receive Title 1, Part D funds.

### **Formal Agreements**

ESSA SECTION 1423(2)

Provide a description of formal agreements, regarding the program to be assisted, between the LEA and correctional facilities and alternative school programs serving children and youth involved with the juvenile justice system, including such facilities operated by the Secretary of the Interior and Indian tribes.

#### **THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A. Banta Charter does not receive Title 1, Part D funds.

### **Comparable Education Program**

ESSA SECTION 1423(3)

As appropriate, provide a description of how participating schools will coordinate with facilities working with delinquent children and youth to ensure that such children and youth are participating in an education program comparable to one operating in the local school such youth would attend.

#### **THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A. Banta Charter does not receive Title 1, Part D funds.

### **Successful Transitions**

ESSA SECTION 1423(4)

Provide a description of the program operated by participating schools to facilitate the successful transition of children and youth returning from correctional facilities and, as appropriate, the types of services that such schools will provide such children and youth and other at-risk children and youth.

#### **THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A. Banta Charter does not receive Title 1, Part D funds.

### **Educational Needs**

ESSA SECTION 1423(5)

Provide a description of the characteristics (including learning difficulties, substance abuse problems, and other special needs) of the children and youth who will be returning from correctional facilities and, as appropriate, other at-risk children and youth expected to be served by the program, and a description of how the school will coordinate existing educational programs to meet the unique educational needs of such children and youth.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A. Banta Charter does not receive Title 1, Part D funds.

**Social, Health, and Other Services**

ESSA SECTION 1423(6)

As appropriate, provide a description of how schools will coordinate with existing social, health, and other services to meet the needs of students returning from correctional facilities, at-risk children or youth, and other participating children or youth, including prenatal health care and nutrition services related to the health of the parent and the child or youth, parenting and child development classes, child care, targeted reentry and outreach programs, referrals to community resources, and scheduling flexibility.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A. Banta Charter does not receive Title 1, Part D funds.

**Postsecondary and Workforce Partnerships**

ESSA SECTION 1423(7)

As appropriate, provide a description of any partnerships with institutions of higher education or local businesses to facilitate postsecondary and workforce success for children and youth returning from correctional facilities, such as through participation in credit-bearing coursework while in secondary school, enrollment in postsecondary education, participation in career and technical education programming, and mentoring services for participating students.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A. Banta Charter does not receive Title 1, Part D funds.

**Parent and Family Involvement**

ESSA SECTION 1423(8)

Provide a description of formal agreements, regarding the program to be assisted, between the

- (A) LEA; and
- (B) correctional facilities and alternative school programs serving children and youth involved with the juvenile justice system, including such facilities operated by the Secretary of the Interior and Indian tribes.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A. Banta Charter does not receive Title 1, Part D funds.

**Program Coordination**

ESSA SECTION 1423(9–10)

Provide a description of how the program under this subpart will be coordinated with other Federal, State, and local programs, such as programs under title I of the Workforce Innovation and Opportunity Act and career and technical education programs serving at-risk children and youth.

Include how the program will be coordinated with programs operated under the Juvenile Justice and Delinquency Prevention Act of 1974 and other comparable programs, if applicable.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A. Banta Charter does not receive Title 1, Part D funds.

**Probation Officer Coordination**

ESSA SECTION 1423(11)

As appropriate, provide a description of how schools will work with probation officers to assist in meeting the needs of children and youth returning from correctional facilities.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A. Banta Charter does not receive Title 1, Part D funds.

**Individualized Education Program Awareness**

ESSA SECTION 1423(12)

Provide a description of the efforts participating schools will make to ensure correctional facilities working with children and youth are aware of a child's or youth's existing individualized education program.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A. Banta Charter does not receive Title 1, Part D funds.

**Alternative Placements**

ESSA SECTIONS 1423(13)

As appropriate, provide a description of the steps participating schools will take to find alternative placements for children and youth interested in continuing their education but unable to participate in a traditional public school program.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A. Banta Charter does not receive Title 1, Part D funds.

## **TITLE II, PART A**

### **Professional Growth and Improvement**

ESSA SECTION 2102(b)(2)(B)

Provide a description of the LEA's systems of professional growth and improvement, such as induction for teachers, principals, or other school leaders and opportunities for building the capacity of teachers and opportunities to develop meaningful teacher leadership.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

We have an integrated professional growth and improvement system focused on closing the achievement gap. Teachers, Principal, support staff, and school administrators are provided with multiple avenues and strategies to support professional development. Professional development ranges from new teacher induction for our least experienced staff to professional development for school leaders.

#### Planning:

Our professional development planning begins with analyzing data about student performance and needs, educators' capabilities and needs, progress in school and school-based initiatives, and data about the effectiveness of current professional development. Our focus is on equity, and we use Dashboard data plus other disaggregated data to identify individual students and student groups not meeting expectations in English language arts, mathematics, socio-emotional development, behavior, attendance, and progression toward state standards. Surveys of teachers, conversations with administrators, and classroom observations help us identify areas in which professional development would help teachers meet student needs.

#### Resources:

Finding time for professional learning is a continuing challenge. We utilize 120 minutes each Monday when students leave early, and we can have training sessions and PLC time. Regular release time using substitutes during the school day is a challenge this year due to the shortage.

#### Professional Development for Teachers:

We provide extensive professional development for teachers across career stages, from beginning teachers participating in new teacher induction to veterans participating in specialized training to advance their careers. Certificated vacancies are first advertised to all certificated staff, encouraging teachers to access other career opportunities. Teachers' participation in induction may focus on routines and procedures and classroom management at the beginning of the year. More experienced teachers may be focused on practice problems, such as how to help all students master operations with fractions in fourth grade.

We provided a wide range of training for teachers through Supplemental Grant Funds, Title II, and other resources. The largest teacher training hours were focused on Language Arts and Problem Based Learning strategies. Science continues to be a major focus for the school. We focused on county-level Ag science training and the new NGSS standards this school year. The county provided training every month, and teachers were taken through the standards from development to implementation. The staff broke down old teaching strategies and helped teachers adjust their mindsets and strategies to meet the new standards. Teachers also participated in The Education Revolution-Brain-based Science PD and professional development in School Culture, Formative Assessment, and suicide prevention.

#### Professional Development for Principals and other school leaders:

We are a small rural school, and the Professional Development needs of the charter administrators vary because there may only be one person working in a particular area. Principals new to the principalship receive mentoring and coaching through a two-year county administrator induction program. The coach supports the principal in setting both school and professional growth goals, and the pair meets with the charter administrator periodically for check-ins.

We believe there is great value in principals and administrators participating in training alongside their teachers, which happens frequently. Administrators who participate in training are much better equipped to support and coach implementation, making the training more effective.

Our principals have participated in ASCA's New Administrator Conference, a week-long professional development that helped our new administrators set and realize goals for the new school year. Our administrators also participated in The Education Revolution-Brain-based Science PD and professional development in School Culture, Formative Assessment, and the county level CAASPP Institute.

Principals and administrators also participated in monthly county-level training, with topics ranging from Mindset Theory, NGSS standards, meeting the needs of Special Needs Students' needs, and having hard conversations in the Multigenerational Workplace. Other Conference strands for school administrators/leaders included attendance, student discipline, harassment and bullying, laws and legislation, school safety. Some principals and administrators are also pursuing advanced degrees, and the district offers support on an individual basis.

Teachers, support staff, and administrators are evaluated annually to measure and set goals for growth and improvement. In addition, climate surveys are sent to all school staff to gather input on their principal's work.

## **Prioritizing Funding**

### **ESSA SECTION 2102(b)(2)(C)**

Provide a description of how the LEA will prioritize funds to schools served by the agency that are implementing comprehensive support and improvement activities and targeted support and improvement activities under Section 1111(d) and have the highest percentage of children counted under Section 1124(c).

#### **THIS ESSA PROVISION IS ADDRESSED BELOW:**

Banta Charter serves one K-8 elementary school and does not qualify as a (CSI) or (TSI) school. Our professional development is focused on closing the achievement gap, and all student groups benefit from Title II funded professional development.

## **Data and Ongoing Consultation to Support Continuous Improvement**

### **ESSA SECTION 2102(b)(2)(D)**

Provide a description of how the LEA will use data and ongoing consultation described in Section 2102(b)(3) to continually update and improve activities supported under this part.

#### **THIS ESSA PROVISION IS ADDRESSED BELOW:**

Our professional development planning begins with an annual analysis of data from the California State Dashboard and local assessment data on student performance and needs, annual teacher/staff surveys on educators' capabilities and needs, progress in school initiatives, and the effectiveness of current professional development. Our focus is on equity, and we use Dashboard data plus other local disaggregated data to identify individual students and student groups not meeting expectations in English language arts, mathematics, socio-emotional development, behavior, attendance, and progression toward success in college and career.

Surveys of teachers, conversations with teachers, paraprofessionals, administrators, and classroom observations help us identify areas in which professional development would help teachers meet student needs. We identify needs for principals and other leaders as we analyze school data, including annual evaluations, and identify focus areas for improvement.

Consultation with staff, parents, and community partners occur four times a year to develop our yearly plan. We are a small rural charter school and find it challenging to reach out to community partners for consultation and organizations or partners with relevant and demonstrated expertise in programs and activities. Still, we will continue to reach out to our community educational partners. This process happens through an annual survey to parents, staff, and students and through meetings (four times a year) with a focus group consisting of teachers, principal, other school leaders, paraprofessionals, parents, parents of English Learners, and community partners.

The focus group of Educational Partners evaluates prior-year school data through the California Dashboard and looks for areas to suggest for school improvement. PD data is regularly reported during these focus groups, and conversations often lead to professional development topics for consideration. LCAP consultation with all staff adds PD topics to the list. We have put most of our staff development into LCAP 2.9, which helps manage funds, LCFF, and Title II, while also creating a place to include a report of PD effectiveness.

## **TITLE III, PART A**

### **Title III Professional Development**

ESSA SECTION 3115(c)(2)

Describe how the eligible entity will provide effective professional development to classroom teachers, principals and other school leaders, administrators, and other school or community-based organizational personnel.

#### **THIS ESSA PROVISION IS ADDRESSED BELOW:**

Schoolwide professional development in English language arts, math, and other curricular areas is designed to address the individual needs of all students, including English learners. English Language Development (ELD) is an integral part of professional development at the school. The county office has provided training and workshops in multi-tiered systems of support attended by instructional and classroom aides. Other training, such as Nancy Fetzer, provides staff with instructional strategies to support EL students in the classroom through engagement with other students, providing opportunities to expand language skills. Fetzer's strategies help establish a safe classroom environment for EL students and support their progress in learning English. In addition, the school supports staff development opportunities for teachers and administrators. It supports funding to release teachers so that they may attend research-based training such as SDAIE (Specially Designed Academic Instruction in English), ELD strategies, Cultural diversity, Use of adopted supplemental ELD curriculum, and Curriculum planning.

With the continued implementation of the State language assessment, ELPAC, curriculum-specific professional development has occurred. Staff who deliver ELD to English learners need training to align instruction with the ELPAC and the ELD standards. Training will be ongoing for new and returning staff as the needs of our EL students change.

Nancy Fetzer will provide school-wide training for our ELD and adopted English-Language Arts program. The County Office of Education will provide Number talks training to enhance our math curriculum. This training will be open to teachers, administrators, support staff, and district support staff. ELD instruction will continue to be a core piece of this training for our math program.

### **Enhanced Instructional Opportunities**

ESSA SECTIONS 3115(e)(1) and 3116

Describe how the eligible entity will provide enhanced instructional opportunities for immigrant children and youth.

#### **THIS ESSA PROVISION IS ADDRESSED BELOW:**

N/A

### **Title III Programs and Activities**

ESSA SECTIONS 3116(b)(1)

Describe the effective programs and activities, including language instruction educational programs, proposed to be developed, implemented, and administered under the subgrant that will help English learners increase their English language proficiency and meet the challenging State academic standards.

#### **THIS ESSA PROVISION IS ADDRESSED BELOW:**

State-adopted ELD curriculum is used for designated ELD at elementary and middle levels. At the elementary level, English learner students with less than reasonable fluency in English receive a minimum of 150 minutes of designated ELD per week. At the middle school level, English learner students with less than reasonable fluency in English receive a minimum of 200 minutes of designated ELD per week. Newcomers may participate in additional designated instruction. Staff delivering designated ELD, both elementary and middle school, are especially adept at recognizing the needs of EL students and adapting curriculum and instruction as needed to suit the needs of EL students. ELD instruction is supplemented with a computer-based, adaptive language software program that provides additional targeted, individualized practice.

At the elementary level, ELD is provided by a Bilingual Coordinator and the classroom teacher. The ELD programs are designed to support and complement the EL student's regular English-language arts/English language development and core content instructional program. The ELD program provides consistent, systematic instruction to support EL students in English language acquisition. Research-based best practices form the basis for these intervention programs, which include, but are not limited to: Small group instruction, Use of evidence-based instructional materials, High academic expectations and a clear academic focus, Preventing long-term ELs, Careful design and planning, which establishes clearly defined needs and goals, A clear focus on using ELD time effectively.

English learner students access core content subjects through SDAIE instruction. Core content instruction is based on state grade-level standards, and teachers utilize appropriate strategies to ensure comprehensibility of instruction for English learner students. To supplement the core program, English learner students are presented with opportunities to participate in activities intended to support progress and achieve proficiency in English. After-school tutoring is offered.

We have put most of the ELD program instruction into LCAP 2.5, which helps manage funds, LCFF, and Title III, while also creating a place to include a report of the ELD program effectiveness. Title III funds enhance the ELD program by providing bilingual aides.

## **English Proficiency and Academic Achievement**

ESSA SECTIONS 3116(b)(2)(A-B)

Describe how the eligible entity will ensure that elementary schools and secondary schools receiving funds under Subpart 1 assist English learners in:

- (C) achieving English proficiency based on the State's English language proficiency assessment under Section 1111(b)(2)(G), consistent with the State's long-term goals, as described in Section 1111(c)(4)(A)(ii); and
- (D) meeting the challenging State academic standards.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

#### Achieving proficiency:

The Charter expects EL students to progress by at least one level each year on the State language assessment, ELPAC. For EL students scoring at the lowest level on the ELPAC, this means that they should reach proficiency in English and be eligible for reclassification within 4 to 5 years. Progress for English Learner students on the ELPAC is monitored year to year with the expectation that all EL students will show at least one level of growth. For those EL students who do not show growth, the Intervention Teacher and the school's Bilingual Coordinator help identify these students and collaboratively devise an individual learning plan tailored to the EL student needs.

Of particular importance in this process are long-term English learners (LTEL). English learner students who become LTELS present a particularly difficult challenge in determining how to move these students to proficiency in English. Frequent monitoring of long-term ELs by the school is essential in helping LTEL students make satisfactory progress in English to be eligible for reclassification. The school requirement of frequent, data-driven monitoring is intended to focus on LTEL students, with the result being a comprehensive plan to move LTEL students toward English proficiency.

#### Meeting challenging state academic standards:

Banta Charter has various tools available that enable the school to retrieve achievement data both on the ELPAC and CAASPP. These reports help us identify students not making expected progress to make needed changes before the student gets further behind. At the school site, staff review the data and determine the levels of intervention required for students not making satisfactory growth. At the beginning of each school year and throughout the year, the site administrator/principal presents relevant data on all students, including English learners.

In collaborative meetings, teachers look at grade-level data to collectively analyze the needs of the students and devise classroom strategies, including interventions for English learners. Teachers and other staff meet regularly to track student progress, including English learners, and adjustments are made in levels of instruction needed and appropriate instructional strategies. The Intervention Teacher, the school's Bilingual Coordinator, and teachers help track progress.

## TITLE IV, PART A

### Title IV, Part A Activities and Programs

ESSA SECTION 4106(e)(1)

Describe the activities and programming that the LEA, or consortium of such agencies, will carry out under Subpart 1, including a description of:

- (A) any partnership with an institution of higher education, business, nonprofit organization, community-based organization, or other public or private entity with a demonstrated record of success in implementing activities under this subpart;
- (B) if applicable, how funds will be used for activities related to supporting well-rounded education under Section 4107;
- (C) if applicable, how funds will be used for activities related to supporting safe and healthy students under Section 4108;
- (D) if applicable, how funds will be used for activities related to supporting the effective use of technology in schools under Section 4109; and
- (E) the program objectives and intended outcomes for activities under Subpart 1, and how the LEA, or consortium of such agencies, will periodically evaluate the effectiveness of the activities carried out under this section based on such objectives and outcomes.

#### **THIS ESSA PROVISION IS ADDRESSED BELOW:**

A. Banta Charter has one small K-8 rural school located in an area which makes it difficult for us to reach out to institution of higher education, local businesses, nonprofit organizations, community-based organization, or other public or private entity. With new growth coming to our area we plan to continue to try and reach out to these organizations for partnerships in our students education. The Charter does have a partnership with the Banta Unified School District to support student learning and with the San Joaquin County Office of Education to support student learning and provide us with school based professional developments for staff.

B. Banta Charter uses general funds to provide a well rounded education for students. Curriculum is composed of core academic subjects, as well as including the integration of science and art. It is important to note that this is the first year applying for Title IV funding. However, this section, Title IV, Part A Activities and Programs, does list activities and programs for student learning, providing a well-rounded education.

C. Banta Charter will be utilizing Title IV funds and other funding aligned to the Charter 2021-22 LCAP actions/services to support our goal of providing a clean, healthy, physically and emotionally safe learning environment. The Charter will implement annual inspections of facilities to ensure facilities are maintained and ensure standards of safety and access, weekly review of school safety plans to make sure cleaning and safety protocols are being followed to ensure pupil safety, Positive Behavior Intervention and Supports (PBIS) and Restorative Justice Practices implemented for student discipline. Banta Charter will implement the Second Step program giving teachers an easy-to-implement, engaging way to teach social-emotional skills and concepts to students.

D. Title IV will also provide Professional Development for training staff in technology to support the effective use of technology in the classroom. The Charter has set aside additional funds to purchase devices, equipment, and software. The Charter will incorporate technology to integrate the curriculum across subject areas. Students and teachers will use technology as an integral part of education.

E. Title IV priorities were created based on Educational Partner (parents, staff, community, student) input at LCAP meetings held monthly during the school year. Educational Partner input was reviewed and summarized, and funds were allocated to address priorities. The district LCAP Advisory Committee will annually assess and recommend Title IV funding priorities improvements.
