As part of Michigan’s strategic goals, we will ensure that parents/families are engaged and supported partners in their child’s education. (Goal 5 of Michigan’s Top 10 in 10 strategic plan). The important family engagement and communications policies and plans below were developed by staff and families, and provide guidance on the many ways in which Lapeer Community Schools will accomplish family-school partnership goals. This document includes detailed information on methods to welcome and engage all families, develop and maintain communication in a variety of modes, share decision-making responsibilities with families, collaborate with community and support all children and families. (10 in 10 strategies 5.5)

In addition to this District Policy and Plan, you will receive a copy of a family engagement policy for your child’s school. District personnel for Lapeer Community Schools review each school’s family engagement policy each year to make sure that it meets all the needs of students and families. If you have any questions or would like further information about these items, please contact your building principal.
