
East Allen County Schools

Population and Enrollment Forecasts June 1, 2010

Jerome McKibben Ph.D.
McKibben Demographic Research

Rock Hill SC
978-501-7069

Assumptions

- Interest rates have reached an historic low, and will not fluctuate more than one percentage point in the short term; the interest rate for a 30 year fixed home mortgage stays below 7%
- The rate of mortgage approval stays at 1999-2002 levels and lenders do not return to “sub prime” mortgage practices
- There are no additional restrictions placed on home mortgages lenders or additional bankruptcies of major credit providers
- The rate of housing foreclosures does not exceed 125% of the 2005-2007 average of East Allen County for any year in the forecasts
- All currently platted and approved housing developments are built out and completed by 2017. All housing units constructed are occupied by 2019
- The unemployment rates for the Fort Wayne Metropolitan Area will remain below 9.5% for the 10 years of the forecasts
- The rate of students transferring into and out of schools within the district will remain at the 2007-08 to 2009-10 average
- There will be no short term economic recovery in the next 18 months and the national, state or regional economy does not go into deep recession at anytime during the 10 years of the forecasts (Deep recession is defined as four consecutive quarters where the GDP contracts greater than 1% per quarter)
- The inflation rate for gasoline will stay below 5% per year for the 10 years of the forecasts

Assumptions—continued

- There will be no building moratorium within the district
- Businesses within the district and the Fort Wayne Metropolitan Area will remain viable
- The number of existing home sales in the district that are a results of “distress sales” (homes worth less than the current mortgage value) will not exceed 25% of total homes sales in the district for any given year
- Housing turnover rates (sale of existing homes in the district) will remain at their current levels. The majority of existing home sales are made by home owners over the age of 55
- The recent decline in new home construction has ended and building rates has stabilized
- Private school and home school attendance rates will remain constant
- The rate of foreclosure for commercial property remains at the 2004-2007 average for the Fort Wayne Metropolitan area
- There will be no additional settlement of Burmese refugees in the district for the next 10 years
- There will be no additional movement of special programs (i.e. ESL, special needs, etc.) between facilities over the next 10 years
