

Zoom App - UPDATE

An update is came out on September 23 for the Zoom App. Students will get a pop-up message that says, “East Allen County Schools would like to update Zoom in the App Portal”.

Students need to click “Update”, and after a couple of minutes they will be kicked out of their Zoom account, if they are signed into it.

Students may click “Cancel”. If a student is still signed into the Zoom App after the configuration is pushed, and it is not working, please delete the Zoom App and re-download it.
