

The Junior High Girls Make a Clean Sweep at Home
By Gabrielle Schiltz

On October 10, 2013, the Golden Plains Middle School Lady Bulldogs played Cheylin in their home gym. The A, B, and C teams got to play. The A team started out the night winning the first match 25 to 9. They, then, easily won the second set and ended it 25 to 16. "I think we played really well as a team," said Maggi Nieman, 8th grader. "We just need to work on our confidence."

The B team then stepped on the court full of energy and excitement to play. The girls were pretty much tied up for most of the game, scoring back and forth until the girls found their groove and won the first set 25 to 17. The second set started out the same way, until Karri Schaben, 6th grader, stepped up to the line to serve eight in a row. The second set ended 25 to 18.

The C team got a chance to play one set to end the night. The score was very close throughout the whole set. By the end of the match, the Bulldogs pulled through to win, 25 to 20, making them win both games they got to play.

The Lady Bulldogs play against Northern Valley on the 17th hoping to add another win to their record as they prepare for the league tournament on the 29th. "We need to work on staying positive," exclaimed Kaylie Schaben. "We also need to encourage each other more to remind us that we are one team and can do our best."
