Elementary Promotion and Retention Guidelines: If retention of a student is under consideration by a teacher, it is important that parents be informed early and frequently throughout the year. Grade cards should reflect "poor" or "failing" grades in reading, language arts, and/or math.

Factors, which would be considered in possible retention of a child, are age, maturity, academic progress, test scores, ability, results of psychological evaluations, student motivation, previous retentions, parents' comment and opinions, and teacher recommendations. Retention of a student more than one time should be considered an exception.

Prior to May 1st, a final conference should be held with the parent(s) to include input from the parent, teacher, principal, and any other involved party. At that time, one of the following options should be recommended:

1. Promote the student unconditionally
2. Promote the student on the condition that s/he enroll in and satisfactorily complete a summer school program, as specified in the recommendation
3. Retain the student in the same grade.

As a result of the conference or if the parent does not concur with the recommendation, one of the following options may also be considered:

1. Promote the student with an "Allowed Pass"; allowing him/her to be promoted because of various pertinent factors, even though the student has not satisfactorily completed the work of the present grade. The parent shall agree to this in writing
2. Promote the student over the objection of the school team and place the following statement on the child's grade card: "*Name of child* has not satisfactorily completed the work of *level of the grade*, but is promoted to the *level of the grade* because of parental request." The letters of request shall be sent to the superintendent who shall forward them to the Board.

Homework IHB Students are expected to complete homework assignments on time. See "Make-Up Work," below.

Make-Up Work It is the student's responsibility to obtain make-up assignments from teachers following an excused or unexcused absence.

The student should get a make-up slip from the office before being absent and should have the make-up work completed before being absent. For absences due to illness, the student must secure a make-up slip before returning to class.

See "Attendance/Truancy".

Any student who is going to be gone from school must notify the office with a note or phone call at least 1 day prior to being gone. The student must get a make-up slip from the office and present it to the teacher. IT IS UP TO THE STUDENT TO FINISH ALL LATE WORK. FAILURE TO DO SO WILL RESULT IN A ZERO FOR THAT ASSIGNMENT.

- 2 days will be given for every EXCUSED absence
- 1 day will be given for every UNEXCUSED absence.

When a student needs to be gone AND the office has not been notified at least 1 day prior the following must occur: The parent, legal guardian, or adult person acting as parent must come to the school and sign the student out of class or call the office giving permission to the office staff that your child may be released from school. The student must then obtain a make-up slip for the classes he/she will be absent from. Emergencies do occur and if these present themselves students will be dismissed with a phone call.

Emergencies are defined as a family disaster or unforeseen occurrence.

Academic Dishonesty Academic dishonesty – as in cheating or plagiarism – is not acceptable. Cheating includes copying another student’s work – such as homework, class work, or test answers and claiming it as one’s own. Materials taken from electronic sources are covered by this policy. Plagiarism is the use of another person’s original ideas or writing without giving credit to the true author.

A student who engages in any form of academic dishonesty will be subject to the loss of credit for the work in question, parent conference, and other disciplinary measures.

AIDS and Sexuality Curriculum Inspection IKCA The human sexuality and AIDS curriculum is available for inspection from the office of the Middle/High School Principal in Rexford.

Opt-Out IKCA A parent or guardian (or student 18 years of age or older) may use the district opt-out provision to remove the student from some portion or all of human sexuality and AIDS classes included in the district’s required curriculum. To receive information on the opt-out provision, contact the principal’s office.

Online Courses USD #316 will pay a maximum of \$250 per student/per year for online courses taken for high school credit. Before a student may take a course online for credit recovery, the student must take the course a minimum of two times with the assigned teacher who teaches the course.

ATTENDANCE

Compulsory Attendance Requirements Kansas law requires students to attend school until the age of 18. Sixteen and 17 year-olds may be exempt from the compulsory attendance requirement if:

- They have attained a diploma or GED; or
- They are enrolled in an approved alternative education program, recognized by the local Board of Education; or
- A court orders exemption; or
- The parent or person acting as parent consents in writing to their child being exempt from the requirement and the child and parent attend a final counseling session conducted by the school to sign a disclaimer.

The law requires the disclaimer to include the following information:

- The academic skills the child has not yet achieved;
- The difference in future earning power between a high school graduate and a high school dropout; and
- A list of educational alternatives available to the child.

Students age 16 or 17 who are not exempt shall be reported as truant. See “Attendance/Truancy, “next.

Attendance/Truancy JBD, JBE (*Elementary students see attendance policy in elementary section*)

It is expected the parents/guardian will notify the school to inform them of the reason the student is absent. When a student is absent and the parent has not contacted the school, the school secretary or designee will contact the parent or guardian to determine the reason for the absence. If the parent(s) guardian does not call, send a written note, or cannot be reached by the school, the absence will be counted as an unexcused absence. An excused absence is defined as:

- Personal illness and professional appointments (a note from the professional will be required).
- Serious illness or death of a member of the family.
- Obligatory religious observances.
- Participation in a district approved or school sponsored activity.
- Absences pre-arranged by parents, approved by the attendance board and all class work is made up prior to the student being gone.

The attendance board (principal/designee/classroom teacher(s/others as needed)) has been designated to determine the acceptability and validity of excuses presented by the parent(s)/guardian or the student.

Unexcused Absences

Unexcused Absences: Kansas statutes provide that a student is "truant" if they are absent without excuse, for a "significant portion" of the school day, for **three** consecutive days, or **five days** in a semester, or **seven days** in a school year. The child shall be considered to be not attending school as required by law. When that occurs, then the school is to provide notice to the student's parent or guardian. Legal action can follow.

Chronic absenteeism takes into account both **excused and unexcused absences**. Any student missing *10 percent or more of the days that school has been in session* at any point in the school year is considered chronically absent. (KSDE.org)

When a student reaches 2 unexcused absences (days or class periods) in a nine weeks period, they must make up the full class time. It is up to the student to talk to the teacher about a make-up date. Saturdays will be an option. Student grades will be determined by the quality and all work turned in to the teacher. Time not made up can be converted to ZEROS for all missing work.

Definition of Significant Part of the School Day: A significant part of a school day is more than one hour. The following guidelines will be used for counting tardies and absences.

Checking In

8:16-9:04	Tardy
9:54-12:00	1/2 day absent
After 2:35	Full days absent

Checking Out

Before 9:20	Full day absent

Any other affectionate contact, which might influence or embarrass members of the student body or faculty, is strictly forbidden. This regulation is in effect any time school is in session, in school transportation, or during any school related activity.

Classroom behavior: A student who violates classroom regulations in class may be subject to disciplinary referral. Misbehavior may include, but is not limited to, such things as disrespect for authority, disobedience, excessive talking, failure to work, or sleeping in class. Before an administrator will consider administrative action for classroom misbehavior, other than in extreme cases of misbehavior, the teacher must show that actions have been taken to resolve the student's problem prior to referral to the administration.

Such actions may include student teacher conferences, parent teacher conferences, detention, or referral to the counselor. When a student is sent to the office for disciplinary action, parents will be notified. Failure of a student to come to the office on request can result in suspension. The hall pass will tell the student’s teacher, the student’s destination, and the time the hall pass was issued. Any student in the hall without a pass will be considered tardy to class.

Attendance in class: *The* student is expected to be in the classroom on time (in the room and seated when the bell rings) and have the necessary basic material (pencil, paper, texts, etc.) when entering the classroom each day. While in class, the student is to do the work s/he understands and ask the teacher for help if s/he does not understand. USD 316 MS/HS Eligibility

All districts and Kansas High School Activities Association requirements for eligibility must be met before a student will be allowed to participate in extra-curricular activities.

Golden Plains USD #316 requires a weekly eligibility check. Every middle school and high school student's academic eligibility will be determined each week by the teacher, coach and/or sponsor and the activities director.

1. There will be a 3 week grace period at the beginning of each new semester before the first eligibility report is ran by the school counselor or the ms/hs secretary. The 2nd and 3rd nine weeks are an extension of the 1st and 3rd.
2. There will be an ineligibility list issued each week. Grades will be reviewed by 12:00 on Thursday.
3. The period of ineligibility shall begin at 11:00 P.M. on Saturday and will run until 11:00 P.M. the following Saturday. Parents and students are encouraged to check grades on PowerSchool if there are any questions concerning grades.. Parents can access the PowerSchool link at <http://www.usd316.k12.ks.us> to check student's grades. Ineligible students will be notified verbally and it is the student's responsibility to communicate this information to their parents.
4. Participants or trainers who are ineligible under this policy are required to attend practice during the period of ineligibility unless the administrator and teacher of the class he/she is ineligible in feels that non-practice would better serve the student's educational direction.

- An ineligible student may attend but not participate in KSHSAA sanctioned activities held outside of the school day if no portion of the school day will be missed.
- An ineligible student may not leave during the school day for an activity without prior approval from the principal.
- An ineligible student may not attend any one day activities not sanctioned by KSHSAA unless for educational purpose or grade.
- A student that is ineligible will not be allowed to attend an over-night trip sponsored by the school.
- An ineligible student may not participate in any school sanctioned activity outside of the school day such as a school play.

Transportation to and from Activities When the district provides transportation to an activity, participating students are prohibited from driving personal automobiles to and from district-sponsored activities held during or after the school day.

No student will be released from the obligation of traveling to a school-sponsored event in school-operated vehicles. When a student is a participant in two school-sponsored activities (ex. KMEA/Basketball, Scholarship test/Football, Scholar's Bowl/Basketball, etc.) and it is possible for the student to participate in both activities, the student may choose to participate in both activities and may be transported by their parents/guardians or other school personnel to the second activity rather than riding with the team. Prior permission shall be requested and granted by the Superintendent/Principal, Administrative Assistant. No student will be released from the obligation of traveling from a school-sponsored event in school-operated vehicles unless the student's parent releases, in writing, the student from such obligation. A "Transportation Log" will be carried by every coach or sponsor; and unless prior written notice has been given, the parent must sign the

Transportation Log in the presence of the coach or sponsor or other school personnel in order for that student to be released. The superintendent may, with parental consent, modify the requirements to meet emergency situations. See "Athletics."

Field Trips IFCB Students may participate in a field trip if the parental consent form for the trip has been turned in.

Senior Trip The purpose of the senior trip is to provide high school seniors an opportunity to experience educational and recreational activities that are unavailable within the district boundaries in order to expand their knowledge and experience of the society in which they live. The senior trip also provides students with the opportunity to participate in planning, budgeting, and group decision-making experiences as they research and plan their trip. (ALL STUDENT BAGS WILL BE SEARCHED BEFORE ANY TRAVEL, NO EXCEPTIONS)

Senior Trip Eligibility and Participation - The cost of the senior trip is financed from money raised by the class throughout their high school years. In some cases, an individual member of the class will either enter or leave the class at points other than the beginning of the freshman year. The purpose of these regulations is to clarify the process and requirement for individual student participation in

the fund raising activities and participation in the senior trip:

1. In order for a student to participate in the senior trip, that student must have been actively involved in the class fund raising activities throughout that student's attendance at Golden Plains High School.
2. Any student who wishes to be excused from active participation in fund raising activities will be required to submit a written statement, and a senior trip waiver in which the student and the parent agree, by their signature, that the student will not participate in the senior trip. By filing such a written statement, the student may be excused from participation in fund raising activities for the trip. Such statement shall be final and irrevocable. Students submitting such a statement will still be encouraged to participate in fund raising activities for other class related expenses, such as prom and graduation costs. Students submitting a senior trip waiver following their participation in fund raising activities will not receive any financial compensation from the class funds.
3. If a student fails to participate in the fund raising activities of the class, but has not submitted a senior trip waiver statement required in section 2 above, that student may be determined to have waived his/her right to participate in the senior class trip. The principal will make such determination after conferring with the student and the student's parent/guardian.
4. Any student who transfers into Golden Plains High School as a regular member of the class will be accepted as a member of the class for all appropriate purposes, including participation in the senior class trip. Eligibility of such transfer student to participate in the senior class trip will be made solely upon his/her participation in fund raising activities during the period of his/her enrollment and other applicable provisions of policy and regulation. The student shall not be required to pay any amount into the class fund as a condition of his/her participation in the senior class trip.
5. Students can only participate on the senior trip with their graduating class. Failure to graduate prohibits the ability to participate on an alternate senior trip.

Academic Eligibility – In order to participate in the senior trip, a student must be in good standing at the school at the time of the trip. This includes being fully eligible to participate in school activities according to the district eligibility policy and not subject to any school disciplinary actions.

Ineligible students are required to reimburse the class fund for any purchases made prior to the trip.

Non-Participation – A student may elect to not participate in the senior trip as a personal choice or by not participating in class fundraising activities. If a student chooses to not participate, he/she must “sign off” by using the appropriate district provided senior trip waiver form that must be signed by the student, the student’s parent, administrative representative, and class sponsor. Once a student signs off to not participate in the senior trip, he/she may not be expected to participate in, nor penalized for non-participation in, class fundraising activities for the purpose of raising funds for the trip. The student may still be requested to participate in activities to raise funds for other class funded activities such as prom, senior recognition, and graduation expenses. Funds raised by a student prior to choosing to not participate in the trip will be forfeited to the class upon the student’s decision to “sign-off.” No student should benefit financially from choosing to not participate.

Fundraising/Financing the trip – Class funds should be sufficient to provide for all travel, lodging, activity, and meal costs for the senior trip. It should not be necessary for trip participants to provide any personal funds for the trip except as desired for individual personal purchases. Students may not be required to pay to participate in the senior trip other than as class assessed fines for non-participation in specific fundraising activities as documented by class sponsors. Fundraising activities for the senior trip must fall within the district approved fundraising policies.

Permission – Students will be required to submit to the trip sponsors the following information prior to departing on the senior trip. Sponsors will transport this information with them on the trip for use in case of emergency situations.

1. Permission to Participate form signed by student and parent/guardian
2. Medical release form signed by parent/guardian including insurance information
3. Emergency Contact Information
4. School physical forms

Travel Dates – Students should plan their senior trip so that their travel takes place during the school year prior to graduation ceremonies. Students should not be out of school for more than five days for their senior trip. Any days missed in addition to five days will be considered unexcused absences.

Travel Locations – Students should plan their travel location so that it can be accessed by allowable transportation (see below) during the time allowed. It is the preference of the board that travel locations be limited to near-by surrounding states.

Transportation – Transportation for the senior trip, including vehicle(s), fuel, and drivers, should be secured by the class and paid for out of class funds. School vehicles are generally not available for the senior trip, as they are needed for regularly scheduled school activities during the time of the trip. It is the preference of the board that students lease transportation from a third party, such as a leased tour bus, and not fly on public or private airlines.

Sponsorship - Sponsors for the senior trip must include at least one adult male and one adult female sponsor. Additional sponsors may be required by the Board of Education depending upon the size of the class and individual needs of participants. At least one of the sponsors shall

be a certified or classified staff member, currently under contract with USD 316. Sponsors travel expenses for the senior trip will be provided by the senior class trip funds. The district may provide travel expenses for additionally required sponsors. Certified staff members supervising the senior trip will not be required to take any district provided leave, either personal or professional, to sponsor the senior trip as they are participating in a school activity. They will receive their regular pay for the time of the trip.

Non-certified staff members that may be sponsoring the senior trip will not be required to take any district provided leave, either personal or professional and they will receive their regular hourly pay, as if they were in district (limited to 8 hours per day with no overtime) during the time of the trip. The district will provide for substitute teachers and/or substitute classified staff as needed for senior trip sponsors. Adult senior trip sponsors who are not employed by the district as either certified or classified staff, including Rule 10 coaches, supplemental only class sponsors, parents, spouses, etc., will receive no financial compensation from the district for sponsor the senior trip.

Board Approval - A budgeted itinerary, including dates of travel, must be approved by the board of education prior to the senior class making any travel commitments. The school board has the final approval of all aspects of the senior trip.

Student Publications JHCA School-sponsored student publications shall be under the supervision of the building principal or designated faculty representative. Non-school sponsored publications may not be distributed without prior permission.

No student shall distribute any publication which:

- Is obscene according to current legal definitions;

See "Accidents, Reporting Of."

Medications, Administering JGFGB The supervision of oral and injectable medications shall be in strict compliance with the rules and regulations of the Board. School employees may not

dispense or administer any medications, including prescription and non-prescription drugs, to students except as outlined in Board policy.

In certain explained circumstances when medication is necessary in order that the student remains in school, the school may cooperate with parents in the supervision of medication the student will use; but the medical person authorized to prescribe medication must send a written order to the building administrator who may supervise the administration of the medication or treatment, and the parents must submit a written request to the building administrator requesting the school's cooperation in such supervision and releasing the school district and personnel from liability.

School personnel shall not be required to be custodians of any medication except as required by a written order of a licensed medical person.

The medication shall be examined by the school employee administering the medication to determine if it appears to be in the original container, to be properly labeled and to be properly authorized by the written order of licensed medical person. Two containers, one for home and one for school should be requested from the pharmacist. Only oral medications should be administered except in emergency situations.

Any changes in type of drugs, dosage and/or time of administration should be accompanied by new physician and parent permission signatures and a newly labeled pharmacy container.

The building administrator may choose to discontinue the administration of medication provided he has first notified the parents or medical person in advance of the date of such discontinuance with the reasons therefore.

In the administration of medication, the school employee shall not be deemed to have assumed to himself any other legal responsibility other than acting as a duly authorized employee of the school district.

Students who fail to provide the documentation required by law may be excluded from school by the superintendent until statutory requirements are satisfied. Notice of exclusion shall be

given to the parents/guardians as prescribed by law. Students who are not immunized against a particular disease may be excluded from school during any outbreak.

Each principal shall forward evidence of compliance with the inoculation law to other schools or school districts when requested by the school or by the student's parents/guardians.

Exclusion from School for Non-immunized students - Non-immunized students, including those with a religious, medical, or other statutory exemption, shall be excluded from attending school during an outbreak of a vaccine-preventable disease in their attendance building. This will be determined on a case-by-case basis by a licensed employee. Recommendations from a licensed physician and/or local health department official shall determine the duration of exclusion from school. Vaccine-preventable diseases may include but are not limited to the following diseases: diphtheria, tetanus, pertussis, poliomyelitis, measles, mumps, and rubella.

Any such child may be readmitted earlier to school upon the written authorization of the parent/guardian. The parent/guardian's signature on the prescribed release form signified knowledge of the outbreak and risks to the child.

Epinephrine in Schools K.S.A. 65-2872a Authorizes any person to administer epinephrine in emergency situations to a student or a member of a school staff. It exempts from liability for civil damages and from the practice of the healing arts any person who gratuitously and in good faith renders emergency care of treatment through the administration of epinephrine to a student or a member of a school staff at school, on school property or at a school sponsored event if the person acts as an ordinary and reasonably prudent person would have acted.

The consultant pharmacist shall have supervisory responsibility for maintaining the epinephrine kit. The consultant pharmacist shall be responsible for developing procedures, proper control and accountability for the epinephrine kit. Periodic inventory of the epinephrine kit shall be required. **K.S.A. 72-8258 and K.S.A. 65-1680A** authorizes any person to administer epinephrine in emergency situations to a student or a member of school staff when: (1) the person administering the epinephrine reasonably believes that the student or staff member is exhibiting the signs and symptoms of anaphylactic reaction; (2) a physician has authorized, in writing, the school to maintain a stock supply of epinephrine; and (3) the epinephrine is administered at school, on school property or at a school sponsored event.

The student will be readmitted to regular classes upon termination of the illness, as authorized by the student's physician or as authorized by a health assessment team.

The Board reserves the right to require a written statement from the student's physician indicating the student is free from all symptoms of the disease.

General Information

Cell Phones for All Grades 6-12 Cell phones will not be available during the instructional day. If a message needs to be relayed to a student in an emergency situation you may call the MS/HS office and the message will be delivered. If a simple message via text or voice mail needs to be left for a student they will have access to the phones at the end of the day.

In order to make this as fair and simple as possible we will employ a system known as the Yondr bag which will allow cell phones or other personal communication devices to be TURNED OFF and placed in a protective bag that has a magnetic lock that can only be opened with an unlocking station which will be available at the end of the instructional day. Research has overwhelmingly proven that this method of eliminating the distractions of phones for students has led to improved achievement and reductions in bullying and disciplinary consequences. Each morning, or when a student arrives to school, cell phones or any other electronic communication device will be placed in a student's assigned bag and locked. The student keeps the locked device either on them or locked in a locker throughout the instructional day. At the end of the day students may unlock their pouches and retrieve their phones before leaving school for the day. The pouches are to be left at school and willful destruction will result in discipline and replacement cost of the Yondr bag.

Consequences for cell phone use during the instructional day is simple:

1. First offense is a one and only warning allowing for compliance to occur after warning has been issued.
2. Second offense will result in the phone being confiscated and returned to a parent/guardian only.
3. Third and final offense will result in forfeit of the right to bring a phone or communication device to school the remainder of the year and only returned to a parent/guardian under the clear understanding of this consequence.

Sexually Explicit, Vulgar or Violent Material JDD

Students may not possess or display, electronically or otherwise, sexually explicit, vulgar, threatening or violent material including, but not limited to, pornography or depictions of nudity, violence or explicit death or injury. This prohibition does not apply to curricular material that has been approved by district staff for its education value.

Electronic Images and Photographs

Students and staff are prohibited from taking, storing, disseminating, transferring, viewing, or sharing of obscene, pornographic depictions of nudity—themselves or others—lewd, threatening or otherwise illegal images or photographs whether by electronic data transfer or other means, including but not limited to texting and e-mailing.

Digital Photography

School staff will discourage digital and other photos being taken in school by students, due to privacy concerns. Students and staff should not participate in being photographed at school unless the photographs are for an official or authorized publication. Students and staff who choose to ignore this guidance could face legal or disciplinary consequences.

Complaints About Policy JCE, KN Any student may file a complaint with the

principal/superintendent concerning a school rule or regulation if it applies to the student. The complaint shall be in writing, filed within 20 days following the application of the rule or regulation, and must specify the basis for the complaint. The principal/superintendent shall investigate the complaint and inform the student of the resolution within 10 days after the complaint is filed.

Distribution of Materials KI Materials unrelated to the schools curriculum may not be distributed without prior consent of the principal.

Gifts JL

Student Organization Gifts to the School - Student organizations, with prior approval of the organization sponsor and building principal, may donate a portion of the organization's funds to the district. These donations shall require prior Board approval.

A gift is defined as any donation, present or endowment in the form of cash, merchandise or personal favor.

Any student organization gift to the district shall become district property when accepted by the Board.

Insurance JGA Parents or guardians shall be notified annually in writing of student insurance provided by the District.

Students may purchase optional insurance. This information (Company, Coverage, Cost) will be available for each student upon enrollment.

KSHSAA provides Catastrophic Insurance for injuries incurred while participation in a KSHSAA sanctioned activity and if the expenses meet a certain minimum. Complete information about this coverage is available at the Rexford office from the Activities Director.

Medical expenses not covered by the policies listed are the responsibility of the parents.

Personal Property The district is not responsible for students' personal property and does not provide insurance on students' personal property. If a student's personal property is broken, damaged, or stolen, repair or replacement is the student's responsibility.

Students are encouraged to place a lock on their lockers. An extra key or combination will be turned in to the office. The combinations and/or keys to all locker locks shall be in the sole possession of the principal and stored in a place designed to guard against unauthorized access or use.

See "Lockers."

Posters Posters, drawings or other materials must be approved by the principal for posting in the school. All unauthorized posting will be removed immediately and become the property of the school.

Staff-Student Relations GAF Staff members shall maintain professional relationships with students which are conducive to an effective educational environment.

Student Privacy Rights District employees may have ongoing opportunities to access confidential information or records that are required to be kept confidential. Much of the student information processed by district employee is confidential, and state and federal law limits its release; for example, driver record and vehicle registration information, confidential student records, criminal history background check information, information obtained pursuant to Social and Rehabilitation Services (SRS) interventions, social security number information and professional misconduct background checks.

Employees are prohibited from divulging information contained in the student records and files of the district, except to other, authorized employees who may need such information for an educational purpose in connection with their duties and to authorized persons or agencies only in accordance with law, district policies and administrative rules.

If an employee is approached to provide information inappropriately, the employee must refuse to release the requested information unless authorized by his/her supervisor or otherwise be required to release the information under law or court order. In all cases, the employee's immediate supervisor shall immediately be informed of any requests.

Any employee who inappropriately releases information, or uses confidential information obtained in the course of his/her employment with the district will be disciplined in accordance with board policies, the negotiated agreement, and district procedures. Disciplinary action may include penalties, up to, and including, termination.

Telephone Calls District telephones are for school business. Use of phones for personal business should be avoided except in case of an emergency. Use of phones for social calls is not permitted. Students shall not make long distance calls on district telephones without the prior permission of the principal.

Use of Personal Vehicle Students who drive to school shall park in the designated parking areas. Students may not go to their vehicles during the school day without permission from the principal.

(See Board of Education Policy JGFF.)

Students will not be permitted to drive cars, motorcycles, or other vehicles during the hours that school is in session, including the lunch hour.

A student who is observed driving recklessly on or near school property shall be reported to the building principal. The principal shall review the violation with the student at the first opportunity and sanctions including but not limited to the following may be applied:

- The student may be prohibited from parking or driving on school property;
- A letter may be sent to the student's parents;
- The student may be disciplined according to the disciplinary code.

Visitors KM Patrons and parents are encouraged to visit the district facilities. All visits shall be scheduled with the building principal.

To ensure safety and security, all visitors must check in at the office before proceeding to contact any other person in the building or on the grounds.
