INTRODUCTION

This handbook is designed to assist in communicating important employment information to licensed staff, whether required by law, regulation, board policy or practice. This handbook is not an employee contract. Further, this handbook is not to be considered as either an expressed or an implied contract between the school district and employee. It is intended to serve as guidance to expedite many work processes and help employees understand and follow such guidelines. The handbook is not intended to list all work rules nor does it purport to do so.

Provisions or contents of this handbook, which do not have a policy or statutory reference, are administrative rules or guidelines. Any handbook provisions with statutory or policy references may be changed at any time by the legislature or board of education respectively. The superintendent may change any other provision at any time as she sees fit. The provisions in this handbook also control or have authority over any oral or written statements by any person(s) except the superintendent of USD 316.

Any handbook provisions with statutory or policy references may be changed at any time by the legislature or board of education respectively. The superintendent may change any other provisions at any time. This handbook applies to all USD 316 licensed personnel. Nothing contained herein is intended to change, replace, negate, or expand upon any controlling statutes, board policies, or negotiated agreements, nor may this handbook or any of its provisions be used to argue any work process, employment provisions or as a defense in any non-renewal or termination procedures.

EQUAL OPPORTUNITY EMPLOYER - GAAA

USD 316 is an equal opportunity employer and shall not discriminate in its employment practices and policies with respect to hiring, compensation, terms, conditions, or privileges of employment because of an individual's race, color, national origin, religion, sex, age, disability or genetic information.

The board shall hire employees based on ability and the district's needs.

MISSION STATEMENT

The mission of Golden Plains Unified School District #316 is to coordinate and further the efforts of the parents, community, administration, faculty and staff to provide the best education possible for each student enrolled in our district

GENERAL POLICIES

DO NOT LEND YOUR KEYS to any students, or anyone else, except when you can be near to supervise their use.

Please notify the principal's office of any parent contacts and conferences, in advance if possible. Also, notify the principal of any occurrences in the classroom about which a parent might call.

Educational Field Trips:

- Plan carefully and as far in advance as possible. Use the field trips as learning opportunities in all instances.
- Notify the office not less than two weeks in advance of a planned trip.
- A bus or buses may be needed: if so, please submit your request for transportation to Parker Christensen, Transportation Director.

DO NOT leave money or any valuables in the classroom at any time unless the room is locked. All

There should be no student visitors in the classroom unless they have received permission from the principal/superintendent.

Bells and sirens will be used as follows:

- CLASS PERIODS, DISMISSAL – one bell
- FIRE - continuous bell
- TORNADO - long/short intermittent rings

BUILDING OPENING AND CLOSING TIME

District buildings are normally opened at 7:30 A.M. and closed at 4:10 P.M. when school is in session.

SCHOOL DAY

- Teachers are to report to the building by 8:00 am (classes start at 8:15 am.). The teacher's day closes at 4:00 pm (classes end at 3:50 pm) unless he/she is involved in an activity that extends beyond that time. A teacher needing to leave early must check with the superintendent.
- Before leaving the classroom at the end of the day, the teacher should see that lights are turned off and the windows closed. All children must be out of the building unless under the supervision of a teacher.
- A coach, music teacher, or other teacher who is involved in an after-school activity is responsible for seeing that students are out of the building, all lights are off and all doors are latched and locked. This applies to activities not completed by the time the custodian has finished his/her work in the area of the activity.

SUPERVISION

Teachers shall have the responsibility for supervising those students to whom they are assigned by the administrator(s) whether they are on the school grounds or on an approved school activity. Teachers will not leave their students unattended unless arrangements have been made for another staff member to cover for them.

Teachers are to dismiss their students at the classroom door, provide proper supervision, and meet the class at the door. Bells do not dismiss the students. The staff is responsible for dismissing students. Other duties will be assigned as necessary.

GRADING SCALE

All teachers of USD #316 will use the following grading scale;

A = 100%-90% B = 90%-80% C = 80%-70% D = 70%-60%

ELEMENTARY PROMOTION AND RETENTION POLICY

If retention of a student is under consideration by a teacher, it is important that parents be informed early and frequently throughout the year. Grade cards should reflect POOR or FAILING grades in reading, language arts, math and/or other subjects

Factors, which would be considered in possible retention of a child, are age, maturity, academic progress, test scores, ability, results of psychological evaluations, student's motivation, previous retentions, parents' comments and opinions, and teacher recommendations. Retention of a student more than one time should be considered an exception.

Prior to May 1, a final conference should be held with the parents. Input from the parents, teacher(s), psychologist, counselor and principal may be contributed. At that, time the parent will be informed that one of the following options is recommended for his/her child:

- Promote the student unconditionally
- Promote the student on the condition that they enroll in and satisfactorily complete a summer school program, as specified

- Retain the student in the same grade for the coming year

If as a result of the conference, the parent does not concur with the school recommendation, one of the following options may also be considered:

- Promote the student with an “allowed Pass”. This allows the student to be promoted because of various pertinent factors, even though he/she has not satisfactorily completed the work of the present grade. The parent shall consent to this in writing.
- Promote the student over the objection of the school team and place the following statement on the child’s grade card: “ “has not satisfactorily completed the work of the” “grade but is promoted to the” “grade because of “parental request.” The parent shall consent to this in writing.

The final decision as to promotion or retention of a student rests with the Superintendent.

HOMEWORK

Homework shall not be used as a means to discipline students. Homework shall be assigned as needed to reinforce lessons introduced in the classroom, to finish assignments not completed during regular study periods, to study for exams, and for enrichment purposes.

REPORTING PUPIL PROGRESS

District-wide Parent-Teacher conferences will be held twice each school year. Conferences are traditionally scheduled in October and February.

Report cards will be sent home at the end of each quarter of school in grades K-12.

ATTENDANCE (JB)

Daily attendance records shall be maintained for each student in the school. The primary responsibility for recording attendance shall be assigned to the teacher. Attendance should be recorded on Power School by 9:00 AM by the grade level teacher at the elementary school. Attendance at the middle/high school should be completed for each class period.

DISCIPLINE (JD)

The desired discipline is that which is developed through self-control rather than through passive obedience to authority. Discipline is an end, not a means to an end. Pupils are expected to conduct themselves in a manner which:

- Is in keeping with the activity in which they are involved
- Respects the rights of others, and
- Is in accordance with safety rules and regulations.
- Teachers have both the authority and the obligation to insist upon disciplinary regularity in the school building, on the school grounds, and at school activities. The office will back such reasonable insistence. Any disciplinary action should be taken at the time of the offense, if possible.
- Off-duty teachers have the responsibility of correcting pupils when the teacher on duty is not present or is otherwise occupied.
- When it is necessary to send a student to the office, do so under the following:
 - Prior conference with the principal.
 - Bring the student to the office yourself in unusual cases, or
 - Send the student with a discipline referral slip and the teacher should come to the office at the earliest convenience.

ACTIVITY TRIPS:

- Teachers needing a bus for an activity trip must submit a request to the Transportation Director two weeks (as soon as the activity is arranged) in advance so that arrangements for a bus and driver can be made.
- Each bus used for an activity must have an adult sponsor, in addition to the driver, unless the driver is also the classroom teacher. The sponsor shall be responsible for the conduct of the students while they are on the bus.
- Permission slips signed by a parent or guardian are required before any pupil may go on an out-of-town trip.

BULLETIN BOARD, LETTER BOXES, E-MAIL

Teachers should check the bulletin board in the outer office and their boxes for pertinent information. E-mail should be checked daily.

EMPLOYEE DRESS CODE (GAM)

The board of education encourages appropriate dress for all district employees. USD 316 employees are expected to dress appropriately for the position they hold. They are expected to present themselves in a manner conducive to representing the district well. Many times district employees are role models for students. Professional dress is encouraged.

ORDERING OF SUPPLIES AND EQUIPMENT

Requests for supplies and equipment, which are to be paid for by the school, are to be submitted electronically through AptaFund to the principal and superintendent. All items to be purchased must be on an electronic requisition. The item cost and estimated shipping should be included on the requisition. If possible, attach to the requisition a document or pdf that includes the online cart or list of items to be purchased.

The superintendent is charged with the responsibility of approving, refusing to grant, or adjusting all requisitions by staff members. If funds are not available or if for some reason it does not seem advisable to make a purchase at the time of the requisition, the person making the request will be notified. Supplies and equipment purchased without the approval of the Superintendent will not be paid for by the District but will be the responsibility of the teacher who purchased the materials.

TELEPHONE POLICY

Parents may call the school office and request a student to come to the phone for emergency matters. Under ordinary circumstances, however, the secretary or administrator will relay messages to the students. Students may return calls to parents during vacant periods in their schedule.

ILLNESS

When a student becomes ill, or is suspected of having a communicable disease, the office shall be notified. The office shall notify the parents and appropriate action shall be taken. If the parents are unavailable, action will be taken as indicated on the enrollment form.

CLASSROOM BEHAVIOR

A student who repeatedly violates classroom policies will be subject to referral. Misbehavior might include such things as disrespect for authority, disobedience, excessive talking, failure to work, sleeping in class, etc.

Before an administrator will consider administrative action for classroom misbehavior, other than in extreme cases of misbehavior, the teacher must show that actions have been taken to resolve the student's problem prior to referral to the administration. Such actions may include student-teacher conferences, teacher-parent conferences, detention, or referral to the counselor.

When a student is sent to the office for disciplinary action, parents will be notified. Failure of a student to come to the office on request can result in suspension. Students who walk out of class

and/or the school building without permission will be subject to suspension from school. 8
The matter of discipline for repeated offenders will be up to the discretion of the administrator. All referrals will be submitted to the office by a referral slip and signed by the teacher and/or administrator.

- The alarm will sound on fire/fire drills. Announcements will be made specifically for crisis drills.
- Regular fire/ crisis drills occur randomly nine (9) times a year; teachers will not be notified ahead of time.
- The drills will consist of two tornado drills (September & March), three crisis drills, and four fire drills.
- Crisis drills will reflect events that have a potential to occur in the school setting such as missing student, intruder, active shooter, medical emergencies, or lockdown.
- Additional instructions should be given to pupils concerning fire drills, proper use of alarms, reasons for walking--not running--during fire drills, and what to do if the regular exit is blocked.

FIRE DRILL INSTRUCTIONS

- Have the students walk out their exit. If your exit from the building is blocked, use the next closest one.
- If your class is not in the classroom when the alarm sounds, use the nearest exit.
- Teachers are to leave their rooms last. Close the classroom door as you leave. Do NOT take time to close the windows. Be sure no one is left in the restrooms.
- Move a safe distance away from the building after exiting the building. Staying near the building could result in injuries from an explosion.
- Check roll when you arrive at your area. If any students are missing, report at once to the superintendent or principal.
- Re-enter the building only after the fire alarm has stopped and the outside bells have rung.

DISTRICT CRISIS PLAN

The Superintendent, in consultation with the school counselor, school psychologist, and such other⁹ personnel as she deems appropriate, shall submit a District Crisis Plan which will provide direction, support, coordination and communication to the students, staff, and community following the sudden death or other tragic event involving a student or staff member of the Golden Plains School District.

ACCIDENTS (JGFG)

The welfare of the child is the first consideration in case of an accident. The Superintendent and the parents should be notified if the accident is serious. In an emergency, the child should be taken to the hospital or an ambulance or doctor should be called first as indicated on the enrollment form.

Any school employee who discovers an accident on school property shall report the accident to the building principal or designated representative. If the person requires medical treatment, the employee shall:

- Send for medical help
- Make the individual as comfortable as possible while waiting for competent medical assistance to arrive; and
- Notify the principal or designated representative

If an employee present is qualified to administer first aid, that aid may be given. Qualified employees are those employees who have successfully completed an approved Red Cross first aid program or the school nurse.

If an employee is injured on the job, the supervisor and central office should be contacted immediately. The central office will supply the injured employee with the appropriate forms to complete.

The employee must keep copies of all doctor's orders and provide a file copy to the district office. The employee must inform the doctor or hospital that he/she is covered by the district workers compensation plan.

CHILD ABUSE (GAAD,GAAD-R)

The Code for Care of Children also provides civil immunity from prosecution if the report is made in good faith.

It is recommended the building administrator also be notified either before or after the report is made. District employees shall not contact the child's family or any other persons to determine the cause of the suspected abuse or neglect. It is not the responsibility of the school employees to prove the child has been abused or neglected.

DCF Hotline Phone Number 1-800-922-5330

EPINEPHRINE IN SCHOOLS K.S.A. 65-2872a

Authorizes any person to administer epinephrine in emergency situations to a student or a member of a school staff. It exempts from liability for civil damages and from the practice of the healing arts any person who gratuitously and in good faith renders emergency care of treatment through the administration of epinephrine to a student or a member of a school staff at school, on school property or at a school sponsored event if the person acts as an ordinary and reasonably prudent person would have acted.

A school may NOT maintain an epinephrine kit unless the school has consulted with a pharmacist

licensed by the state board of pharmacy. The consultant pharmacist shall have supervisory responsibility for maintaining the epinephrine kit. The consultant pharmacist shall be responsible for developing procedures, proper control and accountability for the epinephrine kit. Periodic inventory of the epinephrine kit shall be required. K.S.A. 72-8258 and K.S.A. 65- 1680A authorizes any person to administer epinephrine in emergency situations to a student or a member of school staff when: (1) the person administering the epinephrine reasonably believes that the student or staff member is exhibiting the signs and symptoms of anaphylactic reaction; A physician has authorized, in writing, the school to maintain a stock supply of epinephrine; and (3) the epinephrine is administered at school, on school property or at a school sponsored event. 10

DRUG FREE SCHOOLS & COMMUNITIES ACT/DRUG FREE WORKPLACE (GAOA, GAOB)

The unlawful possession, use or distribution of illicit drugs and alcohol by school employees on school premises or as a part of any school activity is prohibited.

As a condition of employment in the district, employees shall abide by the terms of the board policy on drug free school/workplace.

Employees shall not unlawfully manufacture, distribute, dispense, sell, possess or use controlled substances in the workplace. Any employee who is convicted under a criminal drug statute for a violation occurring at the workplace must notify the superintendent of the conviction within five days after the conviction.

Within 30 days after the notice of conviction is received, the school district will take appropriate action with the employee. Such action may include the initiation of termination proceedings. Alternatively, or in addition to any action short of termination, the employee may be required to participate satisfactorily in an approved drug abuse assistance or rehabilitation program as a condition of continued employment. The employee shall bear the cost of participation in such program.

This is intended to implement the requirements of the federal regulations promulgated under the Drug Free Workplace Act of 1988, 34 CFR Part 85, Subpart F. It is not intended to supplant or otherwise diminish personnel disciplinary actions that may be taken under existing board policies or the negotiated agreement.

TOBACCO USE (GAOC)

The plan shall be accessible to all employees and shall be reviewed and updated at least annually. All staff shall receive the training and equipment necessary to implement the plan. The Board of Education adapted detailed rules and regulations regarding this policy, a copy of which is on file with the Clerk of the Board for public inspection.

ASBESTOS

An asbestos management plan has been developed for the district. A copy of the management plan is available from the clerk of the board.

INTERROGATION AND INVESTIGATION OF STUDENTS (JCAC)

No one may interrogate or investigate a student on school grounds without the permission of the principal/superintendent.

SEARCHES OF STUDENTS AND PROPERTY (JCAB, JCABB)

Searches of students or property shall be conducted in accordance with the rules approved by the board. Teachers should not search students or property. No law enforcement officer shall search students or property without a search warrant.

Building principals are authorized to search students or property if there is reasonable suspicion that district policies, rules, or directives are being violated. All searches by the principal shall be carried out in the presence of another adult witness.

INTERROGATIONS BY OUTSIDE AGENCIES (JIH)

Questioning of Students by Law Enforcement Officials: Law enforcement officers have the right to come into the school buildings to interview students as suspects or witnesses. School officials will not unreasonably delay, hinder, or obstruct law enforcement officers from the performance of their duties. Before any such interview, the Superintendent shall be notified and the Superintendent or his designee will carefully determine the officer's identity, official capacity, and the authority under which he/she acts.

Except in cases of child abuse or neglect, the Superintendent or his designee will attempt to contact the student's parent/guardian and solicit his/her consent when a law enforcement officer requests an interview on school premises.

If, in the course of the interview, the law enforcement officer finds it necessary to remove the student from school so as to better aid the investigation, the Superintendent or his designee will first determine the reason for such action and will immediately inform the student's parent/guardian. Notwithstanding any other provision of this policy, school officials shall not release any student to law enforcement personnel unless compelled to do so by legal process or unless directed to do so by the student's parent or legal guardian.

Apprehension and/or Arrest: The Board of Education authorizes the Superintendent to release minor students into the custody of a law enforcement officer upon presentation of a court order or warrant for the student's arrest. The Superintendent or his designee shall immediately notify the parent/guardian or responsible relative of the fact of the student's release and the place to which the student is reportedly taken, except in cases of suspected child abuse or neglect.

Whenever a student is suspected of being a victim of child abuse and is being removed from the 12 school premises, the Superintendent or his designee must give the telephone number and address of the student's parent/guardian to the law enforcement officer. The law enforcement officer then has the responsibility to immediately notify the parent/guardian.

Personnel responsible for releasing a student from school custody, for whatever reason or purpose, will exercise extreme diligence to prevent such release to any unauthorized or unidentified person.

DISCRIMINATION COMPLAINTS (GAAB)
