[9/7/22 Agenda](#)

Minutes for 9/7/22:

Introductions were made for those on Zoom and in person. Mrs. Treinen explained the why behind Accountability Meetings and then shared her principal report that included: student enrollment, new staff, summer PD (AVID, Tointon/PLCs), and the focus of the summer retreat with the staff. Mrs. Treinen talked about Social and Emotional learning, Peace Corners, Restorative Practice and building relationships with students, staff and families.

It was shared that Breakfast will begin to be served at TES and TIS on September 19th. It will be \$1.75 for students and \$3.00 for adults. Students will drop their items off in their classrooms and go to the cafeteria for their grab and go breakfast. The menu will rotate between 5 items and will be eaten in the classroom.

Lunch will now be served with a Grab and Go Lunch for K-3 students on half days. Students were hungry on our half day last Friday, since they are used to eating lunch as early as 11:00 a.m.

Parents and Community had the opportunity to ask questions. The following questions were posed:

1. Behavior sheet- will we be using this again this year. It was shared that teachers have the opportunity to use them but the admin and counselor will be using restorative practice. Many of the reflective questions are similar. Parents will be called for any student that comes into the office.

2. What safety pieces are in place at TES?

TDP will have an intercom system for parents to use when picking up their children. Doors are not to be propped open.

Background checks are now required for all parents chaperones for field trips and volunteering in the classroom. Guests should not go past the office area when entering the building without checking in with the secretary.

Radios are being purchased to communicate with staff for emergencies. Cell phones have inconsistent service throughout the building.

3. What about the safety and security of film fest? There seemed to be a lot of people flowing in and out of the building.

Ken Olson shared that we have limited their footprint and that they were confined to the Galaxy area. Far few crew members had access to the building.

Ken shared if there are any other safety and security concerns to contact him

4. When will breakfast be served?

First thing in the morning after the students report to class.

5. Concerns were shared about the placement of Erika's office- its physical location and how busy she is in the morning.

Ken acknowledged that this is a concern and that he will place it on his list to be addressed. It was also shared that when one person is buzzed in, the person behind them just goes in. We need to make sure that everyone knows not to open the door for just anyone. We need to provide training and understanding to staff, parents, and community.

Items for the October 5th Agenda:

- Talk about the Thanksgiving holiday with our new understandings.
- DI Coordinator to attend the meeting about DI goals and changes. (Mrs. Treinen shared that Joanna McDonald is hosting a parent night soon to answer those questions. Information will be shared in the Miner Bee Messenger.
- Ms. Dawn, new counselor, is on the agenda for October 5th.

Meeting was adjourned at 4:25 p.m.
