Board Policy

Students

Interdistrict Attendance

The Governing Board recognizes that students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons.

(cf. 5116.1 - Intradistrict Open Enrollment)

The Board desires to communicate with parents/guardians and students regarding the educational programs and services that are available in the district.

The Superintendent or designee may approve interdistrict attendance agreements with other districts on a case-by-case basis to meet individual student needs.

The interdistrict attendance agreement shall not exceed a term of five years and shall stipulate the terms and conditions under which interdistrict attendance shall be permitted or denied. (*Education Code 46600*)

The Superintendent or designee may deny applications for interdistrict transfers because of overcrowding within district schools or limited district resources.

Revocation of Permits for Incoming Transfers

A student's attendance in the District pursuant to an interdistrict transfer is deemed a privilege, not a right, subject to the ability of the Governing Board to establish terms and conditions. (*See Education Code section 46600.*) The Board declares that interdistrict transfers can be revoked at any time.

If the Superintendent or designee determines that the student has violated a regulation permitting revocation of the interdistrict transfer permit, the Superintendent or designee may revoke the interdistrict attendance permit and the student must return to his/her district of residence.

Transportation

The District shall not provide transportation outside the school's attendance area. However, upon request, the Superintendent or designee may authorize transportation for students living outside the attendance area to and from designated bus stops within the attendance area if space is available. Priority for such transportation shall be based on demonstrated financial need.
