2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

School Mission

The Westport community is dedicated to provide an equitable, nurturing, and safe environment where students are empowered with high level learning in order to make choices as lifelong learners.

Westport Elementary School is located nearly ten miles from the City of Ceres and is a part of the Ceres Unified School District. The school is one of the smallest of the fourteen elementary schools in the district; however, it pulls from the largest area. The culture at Westport is diverse. Students come from rural farms and small housing areas surrounded by the mostly agricultural landscape of orchards and dairies. A large portion of our population comes from an unincorporated area in South Modesto that is eight miles from the school. All students are eligible to ride the bus to and from school, and most do. The school year consists of 180 instructional days with seven minimum days for parent conferencing and three for staff professional learning.

Westport Elementary School's population of approximately 416 students is assigned to 12 primary and 9 intermediate classrooms. Of the 416 students, 53.79% of the students are English Learners, the majority of those having Spanish as a primary language. In addition to its K-6 classrooms, there is a preschool program present on campus. The preschool program runs a morning and an afternoon session. Each session has approximately 12 students.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The school district held a public hearing on September 17, 2020, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

The table displays information collected in August, 2020 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Westport prides itself in having clean, safe and maintained facilities. A district committee walks the campus to check the cleanliness of the campus on an annual basis. Westport has a dedicated custodial team and district maintenance crew that work together to ensure that our campus is clean and safe. In addition, on an annual basis surveys are given to students, parents and staff. Priorities are addressed from the results of the surveys and walk throughs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

We welcome and encourage family involvement at Westport Elementary School. As families become involved, their children will continue to benefit in their school achievements. Communication between school and families is very important. We provide our parents with regular communication regarding programs and events at Westport Elementary School. We communicate through our monthly newsletter, "Hoofprints," our Wednesday parent communication folders, newspaper articles, parent handbook, progress reports, Parent Square posts and messages, as well as our social media presence.

Parents attend regularly scheduled Parent Coffee and ELAC meetings where parents are introduced to school initiatives and our full time Community Liaison connects our families with a variety of community resources including health, employment, adult education, nutrition, grief and other resources as they are needed. These events also provide opportunities for school staff and parents to discuss social emotional tools they can use in the home to connect with the social emotional initiatives practiced at school.

We have School Site Council meetings, a Back to School Night, and an Open House. Because students at Westport Elementary School are bussed from so far away, the school is an integral part of what connects the Westport community. At Westport Elementary School, we welcome our local Rotary Club with the annual Rotary Read-In. We also invite the community to be a part of our annual Career Fair, Jog-a-Thon and Letters to Santa events. The Parent Teacher Club at Westport coordinates a carnival for our families to enjoy, and the school site hosts a family picnic to end our school year.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.36	0.02	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Safety is a top priority to the staff, families and students of Westport Elementary. The safe school plan is revised each year with the input of both staff and the School Site Council. Data is collected on school safety through annual surveys to parents, students and staff. Surveys are administered each fall, and the safety plan is revised by March each year. The last School Safety Plan was revised and approved by the Westport School Site Council on February 23, 2021.

Westport Elementary takes a proactive approach in encouraging positive student behavior through our Westport Way PBIS initiative and our Hero program which "catches students being good" and following the "Westport Way" in various areas around school. We have banners that remind students about expected behavior in various locations around campus as well as on the bus. All classified and certificated staff encourage positive behavior by rewarding safe behavior and following the Westport Way by awarding "Mustang Moolah" to our students to spend at our Hero store.

All students attend Mustang University and Mustang Round-Up monthly to review expected behaviors and discuss college and career opportunities. Students are rewarded at these assemblies for practicing the current life skill of the month and showing what it means to follow the "Westport Way."

Safety drills and procedures are practiced on a monthly basis and annual education in drug & alcohol awareness is provided by staff during Red Ribbon week activities.

In addition, Westport prides itself in having clean, safe and maintained facilities.

Professional Development

Staff development is a critical component to teacher and student success, and Ceres Unified School District is dedicated to a variety of professional development opportunities for staff. Each year, at least four work days on the school calendar are dedicated to staff development. Staff also have professional learning opportunities covered through substitute teacher coverage as well as opportunities to attend summer and after school learning opportunities. In addition, 240 minutes of after school time is dedicated to department and grade level meetings, for teachers to collaborate, learn strategies, and develop action plans to meet identified student needs. Grade level teams work collaboratively to ensure the implementation of common curriculum and learning expectations. Grade level collaborations are supported through monthly meetings and release time.

Professional Development opportunities have afforded teachers the opportunity to receive additional training related to: lesson design and delivery of district instructional norms to maximize student engagement during instruction; district adopted curricular resources; professional learning community processes; unit planning, assessment literacy and visible learning research as it relates to the CUSD Framework For Learning; response to intervention structures and procedures; and reading/math strategies and instruction.

The district provides access to the Ceres Induction Program and other county and state approved formal training programs dedicated to improving teacher quality. In addition, the district fully supports classroom teachers with a cadre of full time staff developers/coaches who can assist with the implementation of curriculum and strategies. District coaches have provided classroom demonstrations, 1:1 coaching, release days, and other training opportunities in support of the school's established goals.

School sites must include a professional development plan and budget in their school site plan. Activities can include attendance at summer institutes, after school or Saturday workshops, teacher release days to attend conferences, and grade level or department release days for in depth professional development. All professional development is aligned to the district strategic plan. The goal of all professional development is to increase student achievement.

In 2019-2020, the school site had planned collaborative professional development days in cooperation with other sites from CUSD focused specifically in the area of math practices and unit planning. Due to school closures during the pandemic, many of our professional learning plans for the spring had to be placed on hold.

In 20-21, we held PD through Zoom remotely for professional learning. Many PD plans were put on hold or modified due to school closures and hybrid learning. PLC teams met weekly in addition to 5 professional development days, with the majority of the professional learning centered around English Language Development and writing instructional practices. In addition to the school-wide support, each grade level team worked with guidance and support from the site instructional coach to further develop unit plans, along with the 10 collaboration/early release days.

Professional Development

By the end of 21-22, the school site will have had a total of 19 days dedicated to staff development and continuous improvement. The site will have provided staff development on 4 district wide days (August, November, January, March). In addition, each team will have had two half day release days with district coaches centered on literacy and math. Each grade level team will also have had 1 full day with a district instructional coach centered on unit planning for a total of 2 full days of release time. Lastly, 10 early release professional learning times are provided.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
