2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

The Sam Vaughn staff is committed to the philosophy that every child is regarded as gifted, because every child is a gift. Our district vision statement, Committed to Excellence, Responsive to Every Student, is what we strive to do on a daily basis. Our district mission statement reflects the staff's commitment to our profession.

Sam Vaughn Elementary School is located in the heart of California's San Joaquin Valley and is surrounded by the suburban community of Ceres. The school opened in September, 1994 and is a place of pride for the staff, students and community. The school includes 31 classrooms, a cafeteria with a stage, a library, an administration building, and an amphitheater. The campus is located on the east side of Ceres and most students walk to and from school.

Sam Vaughn is a Transitional Kindergarten through sixth grade school of approximately 582 students. School staff includes: a Principal, an Assistant Principal, an Administrative Assistant, twenty-five certificated teachers, one resource specialist, nine paraprofessionals, one library/media clerk, a 60% nurse, two school psychologists, a health clerk, a speech teacher, an office manager, secretary II, a 50% clerk II, 2 full time custodians and 1 50% custodian, a 75% custodian, a 50% community liaison, and an Itinerant Music and P.E. teachers provide services 1-2 days per week.

The school year consists of 180 instructional days with ten minimum days for parent conferencing and staff development. The students in grades 1-6 are in school for 320 instructional minutes per day. K and TK students attend school for 310 minutes per day. The school has a Parent Teacher Club that supports extra-curricular programs, classroom budgets, and special events for our school and families.

The student population is diverse at Sam Vaughn. Of the approximately 582 students, approximately 79% of the students receive free or reduced cost breakfast and lunch, although this year all students qualify for free and reduced lunch program, Approximately 70% come from homes where the primary language is other than English, and 37% are English Learners (EL) The ethnic make-up includes 63% Hispanic, 20% White, 1% African American, 12% Asian, 1 % Filipino 1% Pacific Islander. 2% of our students are migrant students. Approximately 1% of the intermediate students are identified as GATE students.

Speech and language development services, visually impaired services, and resource programs are provided as part of the Special Education Services. Supplemental programs include the following: After School Academic Intervention Program- when COVID-19 guidelines were lifted, After School Education and Safety program (ASES), Social Skills groups and a Student

2021-22 School Overview

Support Specialist for students identified with needs, Migrant Education, and Indian Education. Differentiated Instructional Time (DIT) is incorporated into the regular school day. English Language Learners are provided English Language Development. Extra-curricular activities include: chorus, music, beginning/advanced band, Safety Patrol, a club that meets on Fridays after school, and serving on the Student Council. Furthermore, there is a Free Breakfast and Lunch for All program offered before school and at lunch for each student. The staff is supported in their educational efforts by both the School Site Council (SSC) and the Parent Teacher Club, made up of staff and family members of the students.

Sam Vaughn receives supplementary funding from two sources: Title I and LCAP. Sam Vaughn's program is designated as a School-Wide Program which allows the total population to be eligible for services. The staff is supported in their educational efforts by the School Site Council (SSC), ELAC, and Family Engagement Team. Family gatherings for technology, school wide information, and Kindergarten parent support are held annually.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The school district held a public hearing on September 17, 2020, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

The table displays information collected in August, 2020 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

The campus is well maintained and the staff takes pride in their clean and safe campus. All staff are trained and instructed to report all safety hazards immediately. The facility is evaluated on a regular basis by both site administration and District personnel. Repairs that cannot be fixed by site staff are reported through an online work order process. District personnel manages and coordinates repair and maintenance needs. In addition, an internal work order process is used by teachers to report facility needs to the site custodians. The site Principal monitors these facility needs through informal walk through visits and custodian meetings. At least twice a year, District personnel conduct a formal facility inspection. The site Principal and head custodian meet with the evaluating team to review findings and to devise any necessary plans for improvements. In addition to parent and student surveys, all staff complete an annual facility satisfaction survey. Results are computed and a report is given to the site by District personnel. All results are used to assess ongoing needs and concerns in order to provide a learning environment that is clean, safe, and functional.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents and families, along with other members of the community, are encouraged to be actively involved in the school. Opportunities include:

Regular parent communication via Parent Communication Folders, Parent Newsletters, Parent/Student Handbook, School Marquee, Classroom Newsletters, Progress Reports, School Website, Parent Square, and Connect Ed telephone calls.

Participation in our Family Engagement events, PTC, Principal Coffee, Kindergarten Parent Orientation, Rotary Read-In, Back To School Night, Book Fairs, Parent Conferences, School Performances, School Site Council (SSC), English Learner Advisory Committee (ELAC), PTC events after school and other school activities and parent volunteer activities such as field trips when allowed after Covid-19 Restrictions are lifted.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	1.32	0.17	6.21	0.53	3.47	0.20
Expulsions	0.00	0.00	0.36	0.02	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Safety is a top priority with the students and staff at Sam Vaughn School. The Safety Plan is rewritten each year by staff and approved by School Site Council and Student Council. Each building and classroom has a current evacuation plan in case of an emergency. Fire Drills are practiced on a monthly basis. Lock down drills are practiced three times a year and earthquake drills are practiced once a year. Teachers provide age-appropriate instruction for every class, stressing walking to and from school safely, saying no to drugs and alcohol, and not talking with strangers. We have traffic signs with flashing lights to improve the student safety coming to and from school in the crosswalks with students who are trained on crosswalk safety. The campus is well maintained and the custodial staff takes pride in their clean and safe campus. All staff are trained and instructed to report all safety hazards immediately. The facility is maintained in a manner that assures that it is clean, safe, and functional and is evaluated by District and site administration on a regular basis. Input from staff, student, and parent surveys, as well as other data and information were used to guide the revising of the current plan.

D. Other SARC Information

Information Required in the SARC

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

2018-19 Elementary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per class). The "Other" category is for multi-grade level classes.

Professional Development

Staff development is a critical component to teacher and student success, and Ceres Unified School District is dedicated to a variety of professional development opportunities for staff. Each year, at least four work days on the school calendar are dedicated to staff development. Staff also have professional learning opportunities covered through substitute teacher coverage as well as opportunities to attend summer and after school learning opportunities. In addition, 240 minutes of after school time is dedicated to department and grade level meetings, for teachers to collaborate, learn strategies, and develop action plans to meet identified student needs. Grade level teams work collaboratively to ensure the implementation of common curriculum and learning expectations. Grade level collaborations are supported through monthly meetings and release time.

Professional Development opportunities have afforded teachers the opportunity to receive additional training related to: lesson design and delivery of district instructional norms to maximize student engagement during instruction; district adopted curricular resources; professional learning community processes; unit planning, assessment literacy and visible learning research as it relates to the CUSD Framework For Learning; response to intervention structures and procedures; and reading/math strategies and instruction.

The district provides access to the Ceres Induction Program and other county and state approved formal training programs dedicated to improving teacher quality. In addition, the district fully supports classroom teachers with a cadre of full time staff developers/coaches who can assist with the implementation of curriculum and strategies. District coaches have provided classroom demonstrations, 1:1 coaching, release days, and other training opportunities in support of the school's established goals.

School sites must include a professional development plan and budget in their school site plan. Activities can include attendance at summer institutes, after school or Saturday workshops, teacher release days to attend conferences, and grade level or department release days for in depth professional development. All professional development is aligned to the district strategic plan. The goal of all professional development is to increase student achievement.

In 19-20, due to school closures during the pandemic, many of our professional learning plans for the spring had to be placed on hold, so the number was lower than in previous years. The site had a total of 15 days dedicated to staff development and continuous improvement. The site provided staff development on 4 district wide days (August, November, January, March). In addition, each team had 3 release days with district coach and 10 early release professional learning times.

In 20-21 we held PD through zoom remotely for professional learning. Again, many PD plans were put on hold or modified due to school closures and hybrid learning. The site had a total of 5.5 days dedicated to staff development and continuous improvement. The site provided staff development on 4 district wide days (August, October, January, March). In addition, each team had 3 half day release days with district coach for a total of a day and a half. Collaboration time looked different as it was infused into the weekly schedule during distance and hybrid learning.

By the end of 21-22 the school site will have had a total of 17 days dedicated to staff development and continuous improvement. The site will have provided staff development on 4 district wide days (August, November, January, March). In addition, each team will have had 6 half day release days with district coach for a total of 3 full days. The goal would be to increase this number if shortages in subs improve as time goes on. Lastly, 10 early release professional learning times are provided.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
