

Other Important Things to Know About DSF

Double Sided Printing -

~Choosing a **portrait orientation**, a double sided view is shown correctly. Page one and two are both upright.

~Choosing **landscape orientation** is a little different. The second page will be shown upside down. This is normal and will ultimately print correctly.

Landscape - Double sided

Paper colors - There is a maximum of 5 different paper colors per print job.

Books, 2 Up's, 4 Up's, and brochures please use **Publisher** to create these items. Add **Publisher** file to **DSF** or save the file as a **PDF** and then add **PDF** to **DSF**.
