INFORMATION OF INTEREST THIS WEEK:

PowerSchool has changed the way **Unified Classroom** users login on the parent/guardians and student portal for the mobile app. Parents and students will no longer need two different login credentials, one for desktop and one for mobile. Parents will need to create a Unified Classroom account in order to enter in this information for the mobile app. Once the account is created, parents/guardians will use the same email and password for both the computer/desktop version of Unified Classroom and the mobile app.

Students:

Students' Unified Classroom accounts are set up for them. If they've set their password before, they can enter the information (email and password). If they don't remember their password, they can use the forgot password option, enter in their school email and it will send them a reset password link.

Parents:

1. Parents who HAVE a Unified Account already created – just use their email and password they’ve already set up to log into the mobile app.
2. If parents/guardians DO NOT have a Unified Classroom Account created, please visit the Tolland Public Schools website and click on the PowerSchool link in the upper right-hand corner, then Parent on the left menu for instructions on how to create your Unified Classroom Account.
