

PRIMARY GRADES

July 29-August 9

A student's grade level is the grade he or she has just completed in the 2018-2019 school year, sorry no exceptions.

OOEY GOOEY SCIENCE & ART (GRADES K-2)

OoeY Gooey is full of messy, goeey experiments and projects that parents would never want their kids to do at home! Students will mix a variety of art and science activities to create one exciting class. For example, students will paint with spices, swing into pendulum painting, and build an erupting volcano. Students will strengthen their understanding of the inquiry process as Ms. Shypula leads them through creating a hypothesis, conducting an experiment, collecting data, and analyzing their findings. Students will see the properties of solids and liquids demonstrated before their very eyes as they create their own lava lamp and discuss the science behind it. Investigate with glowing JELL-O®, dancing raisins, and other interesting science experiments.
