The Connecticut Department of Public Health (DPH) has reviewed the AMP submitted by Jared D. Smith, CSP/Management Planner License # 000309 on December 6, 2021, as required by 40 C.F.R. Part 763, the "Asbestos Hazard Emergency Response Act" (AHERA) regulation and the Regulations of Connecticut State Agencies, Sections 19a-333-1 through 13, "Asbestos- Containing Materials in Schools" regulation.

The AMP appears to be complete and in conformation with the submission requirements.

Please retain a copy of this approval letter in the management plan as there must be a complete, up to date management plan in the school office. Please feel free to contact this office should you have any questions regarding this correspondence or asbestos management in schools.
