Gene DeJoannis : ‘ **Mini-Split Heat Pumps** -- What is available now ? ’ ;

Philip Dooley : ‘ **A Solar Tracker in My Backyard** - with Many Special Features ’ ;

Bill Hoover : ‘ **Emergency Solar Charger Station** -- A DIY project you can emulate ’ ;

Ed Pomianowski : ‘ **Experiences in Holland**, & What we can learn from others ’ ;

Henry Link : Summary Update of **Happenings & Plans in Connecticut**

There is so much we can learn from experienced professionals in our own community.

Come and find out what you yourself can do and benefit from.

And a Reminder of What we can & need to do in our homes, towns and State.

DIRECTIONS: The location is near **the intersection of Hebron Avenue and Main Street in Glastonbury**, Connecticut
From Rte I-84 near Hartford – Exit 55 for **Rte 2 EAST** – on Rte 2 East, go about 5 miles – take **Exit 8 (Hebron Ave)** --Turn **RIGHT** on to Hebron Avenue – go about 1/2 mile – turn **RIGHT** on to Main Street – about 50 yards – take **first Left** on to Addie Lane -- goes into the Parking area behind the Library. Take the Rear Entrance – and go to the Community Room.

This event is organized by the

Solar Energy Association of Connecticut, Inc. ,

A nonprofit, professional, educational organization (active since 1976)

which supports and promotes the use of renewable energies and environmentally benign technologies.
