SPEAKER JAMES FERRIS VISITS THS

On February 7, James Ferris, owner and CEO of Ferris Financial visited Tolland High School to talk to business classes about investing in the stock market. Students from various business classes were present as they prepared to compete in the Semester 2 Connecticut Stock Market Game. Mr. Ferris has been coming in to talk to Tolland High School students about investment strategies and the stock market every semester for over 10 years. He has contributed a great deal to generating student enthusiasm for

financial literacy and investment, and has been a valuable component to the success of Tolland High School students competing in the Connecticut Stock Market game over the years. Thank you for your support!

Instructions for Ad Submission

Ad Size and Design: Select the ad size you wish to purchase, then choose the design number within that size for your student’s ad in the yearbook.

Photos: Each ad design includes a certain number of photos. Please supply the correct number of photos or our staff will select the photos to be used without notifying you.

Decide which picture you want in which photo block. A vertical photo block requires “up and down” images and a horizontal photo block requires “left to right” images.

DO NOT send original copies of any photo you value; we cannot guarantee its return. You may submit a photo-quality copy. Computer-generated inkjet images cannot be used.

We cannot use photos which have been cut, glued or taped to paper. Photos that do not meet these guidelines may not reproduce well, and we cannot be responsible for image quality problems that may arise.

Text: Please write your message legibly on this form, or you may type or print it on a separate sheet and attach it to the form.

We will choose a font/typeface for the text. We will correct grammar, punctuation and spelling errors unless otherwise instructed. The yearbook staff and adviser reserve the right to refuse inappropriate content.

Take into account ad size when writing your message. A large quantity of text in any ad size will end up being set in small type which may not be easy to read.
