Tournaments

6 Tournaments
April 1 to June 15

Concentrated Skills

Ball Handling
Shooting Form
Footwork & Finishing
Precision Passing

WE ARE a non - for profit organization dedicated to the development and preparation of the youth involved in this program. Basketball players in our program will be prepared for competitive high school basketball and beyond.

Our experience, allows us to understand what set of foundational skills will increase our players chances of a reaching their goals. We feel with dedication, hard work, discipline, a proper plan, quality coaching and honest criticism every player can reach their goals.

Our motto is “Learn to Compete” and we feel this motto is not limited just to the basketball court and that players can apply this concept to many aspects of their lives.

- Our **GOAL** is to prepare our players for competitive high school basketball and beyond.
 - Our **PLAN** is to teach a set of foundational skills which will allow them to reach their goals.
 - Our **OBJECTIVES** will be reached by increasing both skill and confidence levels of our players.
 - Our program has **SUCCESS** because we are patient, confident and demanding.
