

Are you **HOMELESS** or at **IMMEDIATE RISK** of homelessness?

Call Coordinated Entry

After entering your **ZIP CODE**, click the prompt for **HOUSING**. You will be connected to Coordinated Entry for housing assistance.

STEP #2: A Case Manager conducts **TRIAGE** to determine if there is a need for emergency shelter and assistance.

STEP #3: ASSESSMENTS determine vulnerability, eligibility for housing programs and prioritization level.

STEP #4: If the household is prioritized for services and an opening is available, the Case Manager makes a **REFERRAL** to a housing program.

STEP #5: If the household is eligible for housing services, but none are available, they are placed on a community **WAITING LIST**, prioritized by their vulnerability and assessment scores.

STEP #6: The Case Manager assists in creating a personalized **HOUSING STABILITY PLAN** to address the unique needs and resources of the household.
